

Thomas J. Pyle
President

Tuesday

Dear Pro-America Conservative,

Texans died this winter in part because the “Green” wind turbines they relied on for the electricity to heat their homes FAILED when it got cold.

That’s right! AMERICANS DIED! In TEXAS! Where there’s enough oil and natural gas to heat this great COUNTRY of ours for generations into the future and where, under President Trump, they helped achieve energy independence for the first since Eisenhower was President!

The Green Left have traded proven, affordable and AMERICAN natural gas, oil and coal for windmills made in China. They shut down the pipelines that carry energy when Americans need it most. And now that their government-subsidized Green energy is costing lives, they’re working with political cronies and friends in the media to LIE and say these Green Swindles are not to blame for the energy failure in Texas. (*But they are!!!*)

Will you help me get the TRUTH of this outrage to MILLIONS of Americans? Not just so they KNOW the truth but so they can ACT on that truth and SAVE our nation?

Americans must know the truth that people died in Texas because liberal Green politicians and radical activists care about two things. And because they don’t care a lick about two other “things”.

First, they DO care about shoveling BILLIONS of our tax dollars to their liberal cronies and into the hands of companies based in China and elsewhere...

And, second, they DO care about weakening America by replacing the world’s largest and most affordable reserves of natural gas, oil and coal right here in America with a bunch of unreliable “Green energy” sourced in foreign countries that doesn’t work when we need it the most.

But they DON’T care about the strength and well-being of our nation. Of our nation’s economy that cannot prosper without affordable energy. Of our national security that relies on reliable energy to keep hostile foreign regimes at bay. Of our sovereignty they want to surrender to the United Nations.

And they most certainly DON’T care about the suffering in Texas when the Windmills FAILED... Or the people their anti-American Energy policies put out of work... Or the lives – the families – they ruin when they force our nation to adopt their Green New Deal agenda.

Americans MUST KNOW the TRUTH about these people and the Green New Deal agenda. It is the ONLY way to STOP the Green Assault. To keep our people ALIVE. To keep our country STRONG.

That’s why I’m writing you to ask that you help our \$1,258,000 **American Energy Strength and Security Project** to STOP the Green New Deal assault on America and build a bright energy future using America’s vast, affordable and reliable energy reserves. (*Like the bright future President Trump restored when HE was president!*)

Because, as I learned back when we *successfully* fought Obama’s War on American Energy, the

ONLY way to stop the Green zealots and their billionaire backers is to reach MILLIONS of Americans with the TRUTH... And then let politicians in Washington, D.C. hear from MILLIONS MORE Americans – starting with YOU – who DEMAND Pro-American Energy policies that will let our people LIVE and THRIVE. And who REJECT a Green New Deal War on American Energy that leaves them dependent on the government, at the mercy of hostile foreign regimes, under the thumb of the United Nations and left in the cold when the Windmills freeze.

With your immediate help and support, our \$1,258,000 **American Energy Strength and Security Project** will do all this. And more! It will help us RECLAIM our nation and our FUTURE! So, please:

FIRST: Sign and return your **America First Energy Survey of 5 MILLION Voters** today. I'll combine your confidential answers with those from as many as 5 MILLION Americans you can help me reach all across the country and SHOW WASHINGTON, D.C. that America REJECTS the Left's Green New Deal plan to turn our nation into a failed socialist state where people cannot even afford to HEAT THEIR HOMES!

Massive public opinion surveys like this are CRUCIAL when Congress is as evenly split as it is today and when EVERYTHING is on the line. They let elected officials know where voting Americans like you stand. They also let candidates know they must either REJECT the Green New Deal nonsense that clearly threatens our nation or LOSE the next time they face voters at the polls. *(And that's especially important when moderate Democrats are wondering if running on the Green New Deal hurt them in 2020!)*

SECOND: Help me reach 5 MILLION Americans with the TRUTH and engage them to REJECT to Green War on American Energy with your generous contribution of \$10, \$25, \$35, \$50, \$100, \$250, \$500, \$1,000 or even more. With your crucial support, we'll fight the anti-freedom socialists trying to use the Green New Deal to DESTROY American Energy Independence! It's going to be a struggle. But with your immediate support and your **America First Energy Survey of 5 MILLION Voters** this is a fight WE WILL WIN.

The questions in the survey are serious... Because I want to know what YOU CARE ABOUT. Because I'm willing to bet you're like MOST Americans who want access to our energy reserves and the pipelines to carry them where our people need to heat their homes and our economy needs to PROSPER. *(And NOT these Green windmills that freeze when it is cold and Leave Americans – especially older Americans – to suffer in darkened homes... When there is SIMPLY NO NEED!)*

And because I KNOW – from successfully fighting Barack Obama's War on American Energy and helping craft the Pro-America Energy Agenda President Trump used to Make America Great Again – that the BEST WAY to STOP these liberal Green politicians and radical activists is...

...To reach MILLIONS and MILLIONS of Americans and **EXPOSE** the danger of these Green attacks on American energy...

To **EDUCATE** millions more Americans – including politicians of all parties – so they KNOW America has the massive, safe, reliable and affordable energy reserves right here in America to keep us WARM and PROSPEROUS for hundreds of years...

And to **END** the Green New Deal threat to our prosperity, security, sovereignty and even our LIVES by raising the voices of MILLIONS of Americans who DEMAND politicians in Washington, D.C. and the States *(including Texas!)* do the right thing when it comes to

American energy. Or else!

And our programs REALLY work!

You see, during Barack Obama's War on American Energy, my staff and I here at the American Energy Alliance developed a winning strategy to ensure Americans have access to our own massive and affordable energy reserves and to STOP liberal attempts to bankrupt America.

And thank God we did! Because it resulted in America choosing the pro-America energy agenda President Trump used to Make America Great Again. And, after those four years that did so much to RESTORE our nation, I'll bet you agree we MUST WIN again, now!

My name is Tom Pyle and I'm President of the AMERICAN ENERGY ALLIANCE. Since well before Barack Obama and Joe Biden launched THEIR Energy Assault on America, I have fought for American Energy and American Power and to keep greedy bureaucrats' hands out of your pockets and away from your liberty. It hasn't been easy. But we NEVER give up!

And, after stopping Barack Obama's WORST attacks on America's energy-fueled economy, I was proud to help Donald Trump draft his Pro-America energy agenda that he used to Make America Great Again! MILLIONS of Americans supported his Pro-America Energy Plan. MOST still do!

In fact, that's why Nancy Pelosi, Joe Biden, Bernie Sanders, Chuck Schumer, Kamala Harris and their special interest allies DESPISE Donald Trump. Because he UNLEASHED American Energy and RENEWED American power. As you and I saw in 2020, they will do ANYTHING to DESTROY all his good work! That's their goal now! To move as quickly and aggressively as possible to do as much damage as they can...

Even if that means eliminating our nation's ability to make enough electricity to heat our homes and power our economy! They don't care if we freeze or struggle... So long as they get their way!

You and I CAN stop them. And we MUST stop them!

With your financial support, our \$1,258,000 **American Energy Strength and Security Project** will use our **EXPOSE**, **EDUCATE** and **END** strategy and PROVEN programs to make sure MILLIONS and MILLIONS of Americans know the dangerous truth about the Green New Deal AND the socialist attack on American energy. Remember, if the socialists' Green New Deal succeeds...

- *It will include MASSIVE "Green Energy" spending to the tune of hundreds of billions more dollars passed to Green special interests and political allies. (Even though American taxpayers have already been swindled out of about \$150 billion for so-called "renewables" and "clean tech".)*
- *It will spike your utility bills and gas prices so high that you will often have to choose between heating your home and filling your gas tank.*
- *It will DOUBLE the size of the federal government and greatly increase the POWER and CONTROL that Washington bureaucrats have over your life. And,*
- *This multi-trillion-dollar socialist manifesto isn't about "saving the planet" even though that's the left-wing rallying cry. It also includes a whole social justice agenda that includes everything from "Medicare-for-all," to a guaranteed job for all Americans, a \$15-an hour minimum wage, and even regulations on how often – and even IF – you will be able to drive your car and fly in an airplane.*

Those are just SOME of the facts about the Green New Deal that you can help the AMERICAN

ENERGY ALLIANCE and our **EXPOSE, EDUCATE and END** strategy make clear to MILLIONS of Americans. But, with your help – including your completed *America First Energy Survey of 5 MILLION Voters* and your generous financial support of \$10, \$25, \$35, \$50, \$100, \$250, \$500, \$1,000 or even more for our \$1,258,000 **American Energy Strength and Security Project** – we’ll focus on something even more important.

That’s right, we’ll make sure MILLIONS of Americans know the TRUE HUMAN COST of these dangerous Green New Deal anti-American energy policies.

With your *America First Energy Survey of 5 MILLION Voters* and financial support for our \$1,258,000 **American Energy Strength and Security Project** we’ll make sure they know that the choice between access to America’s vast energy reserves and the pipelines that carry them OR Green nonsense like windmills that freeze when we need them and fail to provide the energy our nation must have just to survive is about PEOPLE.

That includes the sad news that Americans in Texas DIED because the Green Windmills that replaced coal in Texas are unreliable in frigid weather!

4 MILLION Texans would have been safe and warm if Texas had not turned away from the tried-and-true natural gas and coal available in their own state! Billions of dollars of taxpayer money was wasted over ten years in the form of federal subsidies. And Texans, alone, pay each and every year to subsidize wind turbines that don’t work!

And where does all that money go? Well, it goes to the manufacturers of wind turbines. And only two of the top 39 wind turbine manufacturers are American companies... Six of those – actually six of the ten largest! – are in China.

You and I can STOP this Green New Deal Assault that sends American jobs to China, that exchanges proven pipelines for dangerous windmills and puts **China First** instead of **America First**.

Speaking of American jobs... With your *America First Energy Survey of 5 MILLION Voters* and financial support for our \$1,258,000 **American Energy Strength and Security Project** we’ll also make clear to millions of Americans the REAL cost of this Green New Deal assault are REAL WORKING Americans.

That includes learning about Lynn Allen, a welder who lost his job when Joe Biden cancelled the Keystone Pipeline as part of his Green New Deal executive orders. Lynn was just one of 13,000 people who will lose their jobs from this ONE bad policy. Now Lynn has to face his three children and explain to them why he lost the one job he knew how to do well. And, as he said,

“That’s all you work for... What you work towards all your life... And that’s been your calling in life... And they’re telling you to go get another job and try to go get green jobs... I think about this every day”

That includes David and Kristina Dickerson who also lost their jobs when Biden cancelled the Keystone Pipeline. David worked for 31 years to provide for his family and provide the energy to power America’s economy. But the Green New Deal socialists don’t care. Maybe that’s why David said,

“I feel pretty betrayed... We’ve been depending on this... And it just all of a sudden got ripped out from under us...”

That also includes Neil Crabtree, a welding foreman who worked his way up from an apprenticeship. He was one of the first to be laid off when Biden cancelled the Keystone Pipeline. As he

has written, he felt,

“...a sick feeling in my stomach and an aching in my heart... it’s going to hurt a lot of people, a lot of families, a lot of communities...”

Those are three REAL Americans who’ve lost their jobs because the Green Left would rather build windmills made in China than build pipelines that can carry AMERICAN oil and natural gas to where it is needed most! And they won’t be the last, either! Because Joe Biden and his Green socialist pals say WORKING Americans like Lynn Allen and the Dickersons can “just get new alternative energy jobs”. But, of course, they can’t really. And the fact is that no Green New Deal socialist has (*and none will*) reach out to help these Americans find new jobs.

In fact, the only new jobs likely to come from trading pipelines full of American oil and gas for windmills will be in China!

That’s right! SIX of the top ten wind turbine manufacturers in the world are in CHINA! While only one American company makes that list!

Think about that... Because THAT is exactly what the Green New Deal zealots behind Biden’s War on American Energy want. They want America AT THE BOTTOM OF THE LIST. When it comes to energy... When it comes to the economy... When it comes to sovereignty... When it comes to power... When it comes to GREATNESS!

That’s why YOU and I MUST use our \$1,258,000 **American Energy Strength and Security Project** to STOP these people by making sure we use our proven **EXPOSE, EDUCATE and END** programs to reach MILLIONS of Americans with the TRUTH! Because only the voices of MILLIONS of outraged Americans can stop this Green New Deal nonsense. That’s why I MUST ASK that you:

FIRST: Complete, sign and return to me – right away – your **America First Energy Survey of 5 MILLION Voters**. Remember, your **America First Energy Survey of 5 MILLION Voters** is registered to YOU as a patriotic American from your state. And I will keep your *individual* answers confidential. But I WILL combine your answers with those from others I receive when you help me reach out to as many as 5 MILLION more Americans to STOP socialist politicians and leftist candidates from using the Green New Deal to TEAR OUR COUNTRY APART!

SECOND: Help me reach 5 MILLION Americans with the TRUTH and engage them to REJECT to Green War on American Energy with your generous **American Energy Strength and Security Project** contribution of \$10, \$25, \$35, \$50, \$100, \$250, \$500, \$1,000 or even more. With your generous support, we’ll execute our proven **EXPOSE, EDUCATE and END** programs that use television, radio, the print media, social media, direct outreach and MORE to create a massive groundswell of grassroots opposition and ENSURE other America-loving citizens know the TRUTH.

As part of our \$1,258,000 **American Energy Strength and Security Project**, our **EXPOSE, EDUCATE and END** will also make the **America First Energy Survey of 5 MILLION Voters** results available to other conservative organizations, to media outlets – mostly conservative but including the liberal media as well – and to opinion leaders all across America. So they can let MILLIONS MORE Americans know of the MASSIVE opposition to the Green New Deal and the socialist plan to fatally weaken our great nation!

That starts with your **America First Energy Survey of 5 MILLION Voters** I hope you will

complete and return to me right away in the enclosed envelope.

And when you do, please send the most generous **American Energy Strength and Security Project** contribution you can of \$10, \$25, \$35, \$50, \$100 or even \$250 to fund our **EXPOSE**, **EDUCATE** and **END** strategy and defeat the socialists who want to RUIN the country we love with their socialist Green New Deal scheme!

Your generous **American Energy Strength and Security Project** gift will help me reach and rally MILLIONS of Americans in opposition to the Green New Deal, focus that energy on politicians to STOP them from using the Green New Deal to ruin our American economy and then make sure anti-American Energy radicals can't use the Green New Deal to SUBVERT our country at the expense of your wallet and LIBERTY!

With these Green Socialists running amok in our nation's capital, **there's no time to lose!** Armed with your completed **America First Energy Survey of 5 MILLION Voters** and your financial support, the AMERICAN ENERGY ALLIANCE will have the firepower to engage 5 MILLION Americans in our fight to STOP the Green New Deal and those who would use it to turn America into a socialist wasteland!

Please rush me your completed **America First Energy Survey of 5 MILLION Voters** and generous **American Energy Strength and Security Project** gift of \$10, \$25, \$35, \$50, \$100 or even \$250, \$500, \$1,000 or more, right away. Then get ready to STOP the Green New Deal and the socialist's anti-Energy attack on America.

For FREEDOM AND AMERICAN ENERGY FIRST!

Thomas J. Pyle, President
AMERICAN ENERGY ALLIANCE

P.S. Left-leaning Democratic politicians and outright socialists like Nancy Pelosi, Joe Biden, Elizabeth Warren, Chuck Schumer, Alexandria Ocasio-Cortez, Bernie Sanders and Kamala Harris would LOVE to RUIN the American economy using the Green New Deal.

That's why you and I must execute our \$1,258,000 **American Energy Strength and Security Project** to STOP the Green New Deal, the rabid socialists and their dangerous plan to RUIN the American Economy, surrender American sovereignty to the United Nations, DICTATE even the smallest details of all Americans' lives and turn the country we love into a failed socialist state!

Please complete, sign and return to me – right away – your **America First Energy Survey of 5 MILLION Voters**. Please remember to include your generous gift of \$10, \$25, \$35, \$50, \$100, \$250, \$500, \$1,000 or more to support our **EXPOSE**, **EDUCATE** and **END** programs as part of our powerful \$1,258,000 **American Energy Strength and Security Project**. With your immediate help and generous support, I'll reach out to as many as 5 MILLION more Americans to STOP socialist politicians and leftist special interests from using the Green New Deal to replace the energy pipelines we need with failed windmills that leave Americans in the cold!

With Congress so evenly divided, it's going to be a struggle. But with your generous support of our \$1,258,000 **American Energy Strength and Security Project** and your **America First Energy Survey of 5 MILLION Voters** this is a fight WE CAN WIN. With YOUR help, we will!
