Open Government

"The people of this state do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created."

Planning Commission Volunteers Needed

Help shape our community's future growth & development! There are two openings on the Jefferson County Planning Commission for volunteer service - both positions are for District #1 (Port Townsend) representatives. The Planning Commission provides a forum for public review of land use issues and planning proposals. Topics addressed include comprehensive and use-specific goals, policies, regulations and zoning designations that guide development activities around the County. The group does not review project-specific permits. Meetings are the first and third Wednesdays each month, 6:30 PM, at WSU in Port Hadlock.

TO APPLY: Submit a completed [Volunteer Application Form](#) to Jefferson County Board of Commissioners, PO Box 1220, Port Townsend, WA 98368
