Wednesday, January 6 is a red letter day. I'm sure many have the date circled on their new calendars. Probably in red ink. Soon it could be circled in fire.

It's a protest day for many Trump supporters. They'll be in **Washington D.C.** to help the president in his quest for justice. The election was blatantly stolen by the Democrat Socialists. The evidence is overwhelming, but the corporate media, the courts, and many in Congress are content to be led by a corrupt and demented swamp and basement-dwelling pedophile, China Joe Biden.

The big question is, **will Vice President Mike Pence come through for Trump** and challenge the electoral votes in key states? Will he stop the steal? We will all soon know, but I have my doubts. If Pence sides with Biden, then he'll go down in history as the second Benedict Arnold. Trump should then initiate the Insurrection Act and arrest them all for attempting a coup. After all, they were aided by China and other foreign operatives. Trump should hand Pence a second envelope that says, "You're Fired." I hope I'm wrong about Pence, but I have my doubts about him. If he proves me wrong and sides with the president, I'll be delighted.

January 6th can be a turning point in US history. It can be the day when patriots take not just a stand, but real action against the globalists who want a **'great reset,'** which means America will live under a totalitarian system similar to communist China.

We don't want a 'new normal' that's being forced upon us by tyrants. We want the regular constitutional normal. **We The People** want our Republic back.

III. Catherine Austin Fitts 2020 Review – If you do not see the Big Picture you only see the Fake News

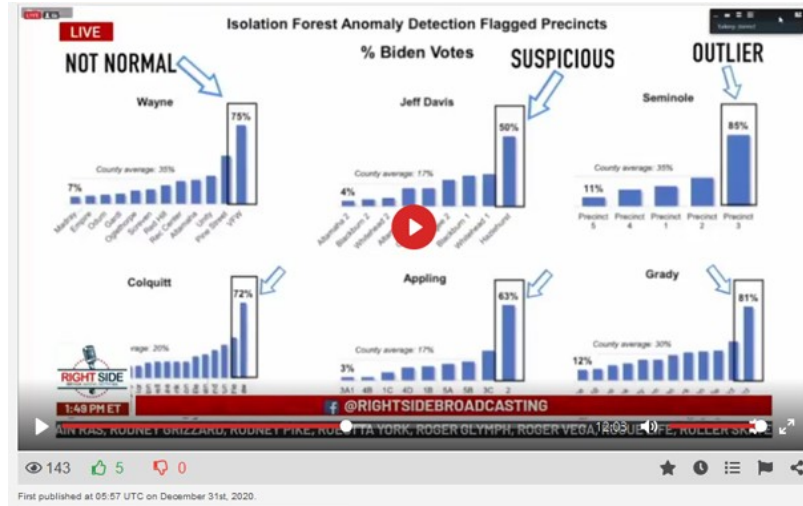

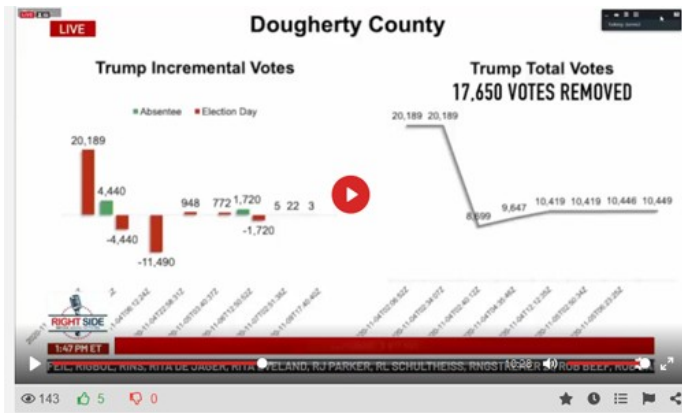

- Just glance at the high points Catherine is noting above.
- To repeat and accentuate the Central Bankers are trying to run two parallel money systems transitioning from the current fiat worthless currency system while trying to accelerate into a digital system where they can turn on and turn off your accounts at the press of a button all while trying to hide the act.
 - [If you have not watched this interview do it.](#)

The point here is:

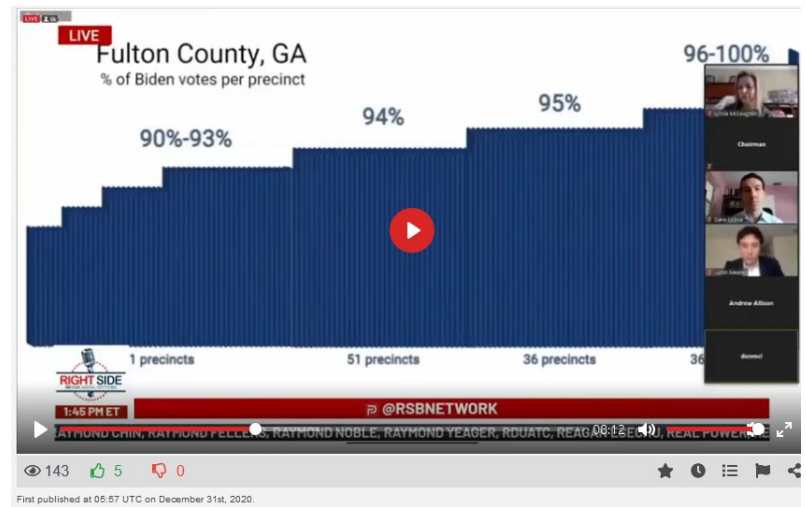

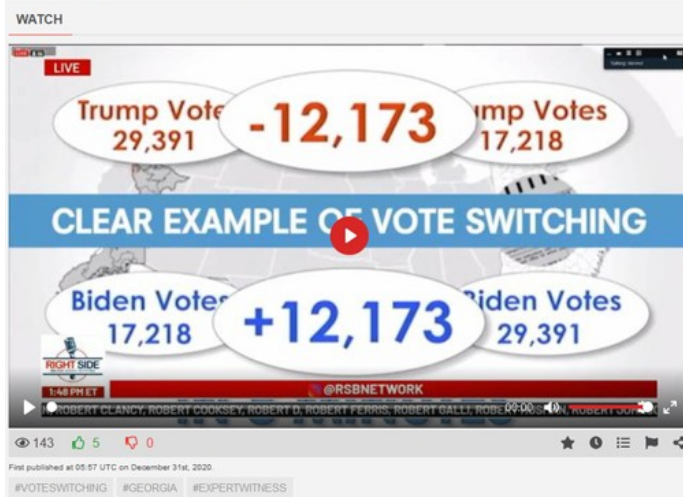

1. Joe Biden is not an accident, **NOR IS:**
2. COVID-19
3. The UNFederal UNReserve,
4. Technocracy Turn Coats,
5. China infiltration into America,
6. Waves of exporting mftg., jobs & resources,
7. Migrant caravans to our borders,
8. Biden's association with China,
9. USURY,
10. Usury is illegal as it hemorrhages nations!
11. Usury is the opium addicting politicians!
12. Usury = Hemorrhage = Direct Tax Taking,
13. The exponential rise of debt,
14. Corruption of the American election system,
15. The exponential rise of prison population,
16. The weaponization of our three & four letter government agencies,
17. The consolidation of the MSM,
18. The illegitimate passing of 14th, 16th 17th & Amendments & the Fed Res. Act,
19. The worthless fiat currency system & the attempted coming digital monetary system,
20. This was all done without the sovereign state Citizen CONSENT & Vetting with the applicable State & U.S. Constitutions!
21. **Globalism has devoured America.**
22. **Exporting out America especially basic manufacturing like steel leaves America defenseless during times of war,**
23. **All these takings are exactly what the One World Order and their Deep State Cartel wants!**
