
From the desk of:

S.L. Kelly, Project Chairman
Patriot Party Campaign

Dear Friend and Patriot,

George Soros knows he can't turn America socialist with just Democrat votes.

He needs to extend his reach into the Republican National Committee to seize complete control -- and he's getting it.

That's why I must please ask you to do two simple things:

- 1) **Please sign, date and rush back to me the enclosed STOP SOROS SOCIALISM! A PATRIOT'S WARNING TO THE RNC** that I have prepared for you. I will deliver your signed **PATRIOT'S WARNING**, along with those of as many as one million of your fellow patriots, right to the RNC's offices on Capitol Hill as a resounding message that they **STOP SOROS SOCIALISM** within the Republican Party.
- 2) If we are to **STOP SOROS SOCIALISM** I must have the resources to reach and activate as many as one million patriots. **Along with your signed PATRIOT'S WARNING, may I also ask you to please enclose your most generous gift to Patriot Party Campaign?** I hope you can give \$25, \$50, \$100, \$250, \$500, \$1,000 or even \$2,000, but please make this your best possible gift. Our nation's future hangs in the balance.

Soros is spending millions to lure key members of the Republican Party into his plans for global socialism.

Now 23 Republicans in both the U.S. House and U.S. Senate are working with Soros-funded groups to push the GOP toward socialism. They may not even realize they've been duped by Soros and what they're pushing is socialism!

Some of these Republicans are constantly on FOX News portraying themselves as "MAGA" patriots, but once back in the Capitol they're plotting with the same Soros front groups trying to overthrow our United States Constitution.

These 23 Republicans are joined by GOP candidates and party officials who are completely on board with Soros' plan for eco-socialism.

The only way to stop Soros from turning the GOP socialist is **MASS GRASSROOTS MOBILIZATION**. We have to make it clear the RNC must call out those infiltrating the GOP with socialist ideas and that all Republican officeholders and candidates renounce any ties with Soros groups.

(over please)

My name is S. L. Kelly. I've been working for conservative causes -- both within and outside the Washington Beltway -- for over two decades. I've battled and won against all kinds of political foes on the Left and even the so-called Right.

Now, I'm heading up *Patriot Party Campaign* because you and I need to band together and speak up for patriots and turn the heat up on those who would grab power for Washington, D.C., and sell out your (and my) birthright...

...the Constitutional freedoms generations of Americans have bled and died to protect.

Right now, many Republicans in Congress agree with **SOROS SOCIALISM**, but aren't publicly adding their names to his "Climate Caucus."

But 19 Republican House members, and four Republican Senators, have publicly identified themselves as members of a "Bipartisan Climate Solutions Caucus" that is being organized and supported by two Soros-funded leftist groups as part of his plan to turn the GOP socialist.

The 19 House Republicans who publicly identify themselves as members of this **SOROS SOCIALISM** Caucus are:

Adam Kinzinger	Illinois
Amata Coleman Radewagen	American Samoa
Bill Posey	Florida
Brett Guthrie	Kentucky
Brian Fitzpatrick	Pennsylvania
Brian Mast	Florida
David Joyce	Ohio
David Schweikert	Arizona
Don Bacon	Nebraska
Elise Stefanik	New York
Fred Upton	Michigan
Jack Bergman	Michigan
Jenniffer González	Puerto Rico
Lee Zeldin	New York
Mark Amodei	Nevada
Matt Gaetz	Florida
Mike Gallagher	Wisconsin
Rodney Davis	Illinois
Tom Reed	New York

The four Senate Republicans in the **SOROS SOCIALISM** Caucus are:

Mike Braun (co-chair)	Indiana
Lindsey Graham	South Carolina
Lisa Murkowski	Alaska
Mitt Romney	Utah

They may not even realize they're being worked liked puppets by Soros!
