

Introduction

The following are (1) my take on the Tucker Putin interview Feb. 8, 2024, (2) My notes on the David Icke Alex Jones interview on 2-9 & 2-10-2024 and (3) Jay Dyer's take of the Tucker Putin Interview in a 35 minute video linked below and (4) my notes attempting to record key points in the Tucker Putin interview. **Armed with these 4 sources below, see what you think.** I find these interviews and presentation spine chilling matching close to what I am finding. While I did not agree with everything Putin said however, his general theme fit in with what I have been researching and networking for 20 some years largely posted on my web site from 2004 to current. I hope this helps shed some light on the intentional darkness we live in. That is to say nothing makes sense anymore, no basic controls on inflation, no sound currency/coin, no controls on tax taking, no controls on the borders, constant wars, and massive taking of public and private land and water. The refusal to live by basic morals and values and on our U.S. Constitution principles which were all created to keep our traditional way of life and all of these takings from happening. Who profits from these takings? You may find some answers herein.

1. Jack's Take on Tucker - Putin Interview

I took 25 pages of hand written notes during the 2 hour interview; please see below **Jack's Notes**. Tucker said Putin was 2 hours late which is typical for him. In my opinion, this interview reinforces what President Eisenhower warned us in his [farewell address in 1961](#) of the Military Industrial complex. This is my one line take FYI. Putin makes clear the US/UK/NATO has an agenda and they do not want to negotiate or have peace, if they do it is only on their terms.

This is my expanded take. The "golden elite" agenda is to take all the power, all the wealth, all the religions and all the free choice away from all the individuals, countries, states, municipalities and roll them all up into an One World Order, New World Order, the Matrix, the Deep State, the Globalist, WEF, the Illuminati, the Club of Rome using the international banking system, e.g. Bank of International Settlements, World Bank, US unFederal unReserve, IMF, etc. President Putin calls them the "golden elite". This agenda is so pervasive, so historically embedded only a few with open minds would see or believe this to be true. President Putin is describing at his level what he is experiencing, i.e. constant "PRESSURE PRESSURE PRESSURE", "THE RULING ELITE", "HOAXING".

2. Jack's Notes on [David Icke](#) Alex Jones interview 2-9 & 2-10-24.

This interview will connect further global control dots however; it was mixed in with other subjects like AI & Elon Musk, etc. So just look at my short notes to get the drift. David Icke is a British "Alex Jones" if you will. The key thoughts in the interview this morning, 2-10-2024 with Alex Jones follow. "We have been put into a cul-de-sac of limited options to chose from, e.g. CBDC, Lock Downs, Isolation, etc. Try to go to the next level above the left right paradigm to see the big picture regarding who is trying to control us. We live in a simulation of someone else's reality. Try to see where the cause of this simulation is coming from. Look at their manipulation. The biggest manipulation is the way (they want us to) look at our lives. How do we correct this simulated "reality" that someone else have made for us. We are living a reality of manipulation of politics. We are the symptoms of the (their) big reality. David goes on to call these induced dreams in that the globalist is manipulating our senses of perception as well as our soul. They the globalist do not want us to exchange communication and prefer us to be isolated."

3. Jay Dyer 35 minute video Take of the Tucker Putin Interview.

[Here is his bio.](#) Jay is a brilliant researcher, debater, author, presenter, lecturer and comedian.

I will not even try to summarize this 35 minute video it is beyond my short hand scrawling notes. You may want to skip this for later when you have the time as it is very heavy.

Jay will give you the largest big picture of the global control system. [You will have to download the 634 MBps to view his 35 minute presentation as it is such a large file.](#) Then go to your applicable Download drive folder, C Drive on my PC to open the download file. You will see the download progress in a green bar in your bottom tray of your screen. Allow for your ISP speed.
