

*United States Justice Foundation*

**IMPEACH AND PROSECUTE OBAMA!**  
*A Special Project of the United States Justice Foundation*

September 20, 2013

Mr. John R. Venrick  
41250 250th Ave. SE  
Enumclaw, WA 98022-8630

Dear Mr. Venrick,

I need you, and every other United States Justice Foundation (USJF) supporter that I am contacting today, to sign the enclosed 2013 FALL CONGRESSIONAL INVESTIGATION PETITION.

Please, Barack Obama's abuse of power through the IRS, the NSA, the Justice Department, and other federal agencies makes it clear that he is willing to use ANY means necessary to destroy his political opponents, and to advance his radical socialist agenda for America.

Yes, thus far, Congressional investigations into these and other abuses of our Constitution by Mr. Obama, Jr., have gone nowhere.

That's why it is so vitaly important that you immediately place your signed petition in the enclosed, preaddressed return envelope, and speed it back to me today.

It may be our last, and our only, chance to rescue America from the socialist tyranny of Barack Hussein Obama. Because, by taking this action step today, you will be adding your name, and your support, to a massive effort this fall to force your Member of Congress, and the House of Representatives, to immediately:

- A) Investigate the validity of the purported "long-form" birth certificate that Barack Obama released to the public in 2011.
- B) Hold an official House hearing on the validity of Barack Obama's eligibility to hold the office of President of the United States.
- C) Determine if Barack Obama and members of his staff have conspired to coverup evidence that will prove that he is not eligible to serve as President.
- D) Launch impeachment proceedings to determine if he has committed "*high crimes and misdemeanors,*" by falsely claiming that he is a natural born U.S. citizen.

Over, please...

E) Demand that the Justice Department begin legal proceedings against Mr. Obama, and all others who have illegally conspired to hide the truth about Mr. Obama's Presidential eligibility status.

Please, the evidence that Barack Obama was NEVER eligible to serve as President continues to grow...

... and I'll detail this evidence in a moment.

But first, again, please sign the enclosed 2013 FALL CONGRESSIONAL INVESTIGATION PETITION, and speed it back to me without delay.

This should be THE top issue of your Representative, and of the entire Republican-led House of Representatives... and with your continued help it can, and will, be this fall.

As you well know, USJF has been proud to be THE organization that forced Barack Obama in 2011 to release what he claims is his real birth certificate.

I know that many have said this document put an end to the controversy over Mr. Obama's birth, and his eligibility to serve as President.

But with all due respect, they were, and are, dead wrong.

In fact, we remain convinced that Barack Obama is deliberately concealing the truth about his birth and about his citizenship.

We also believe that with Barack Obama, Jr. now rapidly accelerating his socialist agenda...

... our efforts may be all that stands between Barack Obama's growing tyranny and catastrophe for our economy, for our liberty, and for our security!

You see, well before he began abusing his power through the IRS and other federal agencies, we believe that he had ALREADY violated a series of federal laws and is subject to prosecution and, yes, impeachment.

Because again, there remain many unanswered questions surrounding Mr. Obama's past that go right to the heart of the question of whether he was ever eligible to run for, and serve as, U.S. President.

Questions that include:

- 1) The authenticity of the long-form birth certificate that Mr. Obama released in 2011. Experts have argued that the typewriter used to fill out this form did not exist at the time of Barack Obama's birth. Plus, Mr. Obama's birth certificate was filled out differently than others done at the same time, in the same hospital. And, there is evidence that the form was prepared using a computer not in existence in 1961. Why? We are determined to find out the truth about these issues, with a team of independent forensic experts.

Next page, please...

- 2) The Constitutional issue of Mr. Obama's and Eric Holder's Department of Justice argument saying that ordinary citizens -- meaning you and I -- do not have "standing" to challenge the eligibility of a candidate for President.
- 3) The Constitutional issue of ensuring, through the states, that eligibility is confirmed before a candidate is allowed on the Presidential ballot -- this was our *Keyes v. Bowen* litigation that we appealed to the United States Supreme Court.
- 4) The issue of whether Mr. Obama was adopted by his Indonesian stepfather, Mr. Sotero, and, as a result, lost whatever U.S. citizenship that he may have had.
- 5) The issue of Mr. Obama traveling to Pakistan in the 1980's using a non-U.S. passport -- he has stated that he did not obtain a U.S. passport until he was a U.S. Senator (2004, or later).
- 6) Why does it appear that Mr. Obama has no valid Social Security number?
- 7) Why does it appear that Barack Obama never properly registered (as required by law) for the Selective Service?
- 8) And, did Barack Obama use Indonesian citizenship papers to get into his first college, Occidental, in California?

Again, many questions. And the bottom line is this: If there is nothing at all in Mr. Obama's history that he may want to hide...

... why has he fought tooth-and-nail against our every effort in court to secure the release of key documents about his past,

... why was he so willing to reportedly spend more than \$2 million in attorney fees to silence this campaign,

... and why, if what he presented in 2011 was, in fact, a valid birth certificate from Hawaii, did he wait almost three years since the first eligibility suit was filed to release it?

This last question is, to me, the most puzzling.

But whatever the reason, his socialist agenda threatens to destroy our great nation, and forever transform it into a second-rate country.

And now, Mr. Obama believes that nothing stands in the way of this goal.

Well, we intend to prove him wrong!

How? Through a massive public education campaign, to ensure that

Over, please...

millions of Americans know exactly what the potential crimes by Barack Obama may be.

They include:

- 1) False Personation of an Officer or Employee of the United States.
- 2) Conspiracy to Commit Offense or to Defraud the United States.
- 3) Activities Affecting Armed Forces During War.
- 4) False Statement in Application for, and Use of, Passport.
- 5) False Personation of a Citizen of the United States.
- 6) Perjury.

If Mr. Obama ran for President, and vowed an oath of allegiance to our Constitution upon his inauguration... all the while knowing that he was not a natural born U.S. citizen and, thus, was unqualified to do so...

... then he broke each and every one of these laws,

... and he is subject to decades behind bars, and large amounts in penalties and fines!

Shocking? Yes. Is he guilty?

We remain determined to find out, and we are also determined to make sure that as many Americans as possible are aware of these potential crimes by Barack Obama.

No it has not been, and it won't be, an easy campaign. We will continue to be vilified as "birthers," and ridiculed by the "Obama Media."

And, no, it won't be cheap. To ensure our voices are heard, we estimate that this huge new fall effort could cost up to \$2.35 million.

Which is why, in addition to mailing your signed 2013 FALL CONGRESSIONAL INVESTIGATION PETITION to your elected Representative..

... I hope that you will also rush back the most generous "Impeach and Prosecute" donation that you can afford to send to USJF today.

Please, I know that I am asking a lot of you today -- especially in these tough and uncertain economic times.

But we simply cannot ignore these potential crimes by Barack Hussein Obama, Jr., and his regime.

Again, there remain far too many questions to ignore.

That's why, despite the mocking smears from the "Obama Media," we have had real success in raising doubts about Mr. Obama's citizenship.

You need not take my mere word for it.

The polls confirm it and, frankly, our success should not come as a surprise. After all, we here at the United States Justice Foundation

Next page, please...

have been a thorn in the side of the Left for over three decades now!

And, with your continued help today, we plan to continue to be Barack Obama's, and the Left's, worst nightmare in the critical weeks ahead.

As you well know, we are the "legal arm" of America's conservative movement. We are particularly well known for how we exposed Hillary Clinton's many fundraising scandals, and how we took her and Bill Clinton to court.

And since 1979, USJF has also built a reputation of fighting for America, and for you, against radical liberal groups, like the American Civil Liberties Union (ACLU) who wants to see our families and our way of life destroyed.

We are proud of that record. And we are proud that we are known for doing the work that no one else can, or will, do.

We're in the trenches, taking the battle straight to the enemy. And, no more so than what we've done on the Obama citizenship mystery:

- It is the United States Justice Foundation that has led the legal battle demanding that Mr. Obama produce his real birth certificate -- not the fake one that was put up on the White House website in 2011.
- It is the United States Justice Foundation that served a subpoena on Occidental College asking for the school records of Barack Obama -- records which may very well prove that he is NOT a "natural born citizen."
- It is the United States Justice Foundation that is mounting a petition campaign demanding that state Attorney Generals across the country investigate Barack Obama for possible perjury, by claiming on his nominating papers that he was Constitutionally eligible to run for, and serve as, President.

But, now that we are taking our legal and public relations efforts to a higher level, the possible criminal prosecution and impeachment of Barack Obama, we will need a larger legal staff -- and a larger budget.

No doubt, the path ahead will be rough and it will be uncertain.

But, I believe that the future of our democratic republic depends on us FINALLY learning the truth about Barack Obama -- and punishing him and his cohorts if it is proven that they committed the largest fraud in the history of the United States.

My friend, without the support of patriots like you, our efforts to discover the truth about the man sitting in the White House today would never have come as far as they have... and I thank you for that.

But, as we here at USJF seek to take this effort to a higher level, by raising the prospect that Barack Obama may be subject to criminal charges, impeachment, and prosecution...

Over, please...

... I hope that you'll continue to lend us your financial support.

Your tax-deductible gift today of \$35, \$70, \$105, or more will give us the funds that we need to hire a larger legal team that can explore the issue of criminal charges against, and/or impeachment of, Barack Hussein Obama, Jr.

Your special gift will also give us the funds that we need to launch an educational campaign to alert all Americans to the possibility that the man sitting in the Oval Office today may, indeed, be a fraud, who is subject to federal charges and criminal prosecution.

And, Mr. Venrick, yes again, I know that I am asking a lot of you today. But I believe in you, and I believe in America.

Which, again, is why I rushed you this urgent appeal...

... and why I pray that you'll respond to it by signing your 2013 FALL CONGRESSIONAL INVESTIGATION PETITION,

... and by rushing it back to me today, along with a special, emergency donation of \$35, \$70, or \$105 to the United States Justice Foundation.

If you could send as much as \$140, \$175, \$210, or more, that would give us that much more firepower against the "Obama Media," their public relations minions, and their political and legal machines.

But, whatever you send, please send it without delay. Thank you.

Sincerely,

  
Michael Connelly  
Executive Director

P.S. Barack Obama is determined to erase our Constitution, our military, our borders, and our free markets. But, if it can be proven that he and his cohorts defrauded the American people, he can be stopped. Specifically, he can be immediately impeached and prosecuted! That is why your 2013 FALL CONGRESSIONAL INVESTIGATION PETITION is just one of ten million that we eventually hope to print and distribute. It is also just one part of a larger, and far more comprehensive, legal, TV, radio, and Internet campaign that we are launching to demand a full Congressional investigation into the true citizenship of Barack Obama -- and any potential illegal actions that may have been, and/or are being, taken to coverup the truth. So please, help our ongoing mission today: Sign your 2013 FALL CONGRESSIONAL INVESTIGATION PETITION. Then rush it back to me today along with your much-needed, tax-deductible donation of \$35, \$70, \$105, or more without delay.
