ICLEI MAP OF AMERICAN CITIES TAKEN

This is an extremely aggressive and arrogant global group, growing like a RAPID cancer in our communities to take all our private and public property on environmental myths using one sided agenda junk political science, NOT independent peer reviewed unbiased professional science. All the participants in ICLEI have a stake in YOUR city private and public property.

Tom DeWeese is the Godfather of the freedom movement against global governance. Please find a link below to some of his excellent material to print out and read. He is also available to speak if you pay for his traveling expenses. All cities in the Puget Sound need to here what he has to say. <http://americanpolicy.org/2011/05/24/iclei-special-report-sustainable-development/>

It has taken me over 8 years of research to gather the following information, understand it thoroughly, then believe it and then change my limited belief system regarding the nature of what we call "government", then act on it. No small task. I was raised in a government family in Montana, my Father was a U.S. Department of Agriculture Forest Ranger in a number of national forests in SW Montana and retired as a Range Conservationist. I have close family and friends in local government management to director positions in large municipal corporations in Puget Sound. I was raised to respect and tip my hat when we entered and left the national forest.

That has all changed. What "I have discovered" since those "good OLE days" is beyond what most respectable learned state Citizens, especially public employees, would be willingly to wrap their minds around. This is a mind bending story and experience. It is extremely difficult to convey what I have found out so you will believe it. This material has little to do with brains and more to do with how our belief systems have been indoctrinated. The material in my web site below uncovers a massive global to local taking of all the private and public property in America as well as all our traditions and unalienable rights. The taking is done over centuries by gradual erosion of individual sovereignty and unalienable rights as well as erosion of each individual state's independence. A web of codependence is spun over generations through a shadow government colluding with public and private corporations where crooked politicians, lawyers and central bankers all collude in a self bestowed feeding frenzy of birth rights. In other words they act as brokers to sell what is given to you free by the nature of being born in a free Republic. These "professional" groups including the teachers unions, have laundered our most sacred traditions and birth rights for their selfish power and profit. Crooked is also defined as ignorant or apathetic of the big picture in this context.

The International Council for Local Environmental Initiatives (ICLEI) is not what you are lead to believe. Nor is the Municipal Corporation of the City Sea Tac what you like to believe it is. Nor is the King County Municipal Corporation what you believe it is. Nor is the so called state of Washington what you believe it is. Nor is the District of Columbia Inc. what you want to believe. Nor is the United Nations what you wish to believe. The hierarchy you live and work in is a lie. Please bear with me, I know this is impossible to believe.

The only way I can explain this delusion we are living under is the following analogy. Let's pretend the City of Sea Tac Council belonged to a global to local puzzle club. You meet once a year in each others homes. Each of you have a turn to bring in a very complicated puzzle for the others to assemble. Lets say it is Rick's turn. He brings in this million piece puzzle and meet at one of your homes. He dumps it on the floor and leaves without showing you the picture on the cover of the puzzle box. These are the rules of the game. Then you have one year to assemble it ...or not.

Very few people see the big global to local picture on the "puzzle box". It is near impossible to connect all the pieces because they are relatively small and many and all look the same to most Citizens. Even with the picture on the puzzle box, it is a horrendous task to assemble the puzzle. However, when you have enough key sections, you start to see the big picture and all the other obscure little pieces of taking become obvious. At that point, you have awoken and can see any piece of this global to local puzzle for what it is, instantly.

ICLEI is on small piece of the puzzle and it can easily take everything you consider sacred and in fact, it already has and you do not even know it.

Here are a few more smaller pieces of the global to local puzzle to see the big picture on the little Municipal Monopoly of the City of Sea Tac puzzle box. Most if not all of you have been indoctrinated to believe all of theses takings are necessary and legitimate.

This is how the municipal monopoly monarchy plays chess with the Citizens life, liberty and property, making themselves rich and powerful while not even being aware they are committing a crime. They like to believe they are making their community safe. Municipalities team up with fellow thugs in a global to local network of syndicated rackets using jungle de facto laws, ordinances, codes colored by many official sounding names, e.g. ICLEI, sustainable development, eminent domain, property taxes, foreclosures, usury, red light cams, Rails To Trails, Parks, green extreme environmental takings, ad nauseam all to keep the Citizenry safe and sound of course. This is a charade of exploitation and extortion using force so the municipal monarchy can profit and grow at the expense of criminalizing

8/29/2012

human suffering and treating basic unalienable rights as public corporate issued privileges.

All this goes against the highest fundamental and founding laws of the land, i.e. the Laws of Nature and Natures God, the Declaration of Independence and the spirit of the first American Revolution. There is 8 years of confirmed many times over research.

Governments and public corporations are not sovereign nor are they bestowed with divine rights of kings. However, in a true and honest free Republic the state Citizen is bestowed by sovereignty and divine rights upon their birth in an American state. This transfer of power happened at the Battle of Yorktown on October 19, 1781 when General George Washington and the French forced the surrender of some 7000 British troops under Cornwallis. Most Americans do not understand the rightful power, authority and sovereignty they have been charged with on that day. Global to local public corporation and unincorporated public organizations have ONLY privileges, not sovereignty nor divine individual rights.

This means you cannot enact takings of any kind without express contract with the individual property and business owners in the community with full disclosure. You cannot pretend to be what you are not nor exercise power or force that was never rightfully given. You cannot entangle yourself into unethical organizations or alliances for the self perceived "good" of the whole. You cannot steal private property, i.e. property taxes, you cannot establish predatory agencies and departments on the auspices of protecting yourself, the municipal corporation or the local Citizen. You cannot compel local Citizens to pay for usury, regulations, inflation by fiat currency or for community projects/works which have negative or long term returns on investment. You cannot establish a police force at the Citizens expense to protect yourself or them. You cannot entangle yourself in environmental extreme private or public agencies using funding taken by extortion from Citizens then compounding that with environmental extortion. You can only protect their individual rights to decide for themselves, i.e. you cannot decide for the sovereign and free state Citizen.

Simply stated, the sovereign state Citizen has not conveyed their power to you to speak for them no more than to a local plumber or electrician who is called into a private home or business to fix their toilet or hot water tank.

I would suggest the council check out the web site page links below in the following order better expand their consciousness regarding the big picture on the global to local puzzle box. You are all bright people otherwise you would not be on the council. The trick here is to follow the money and the power on everything you do and if there is the use of force involved, it is null and void by all the higher laws of the land which rightfully created this free Republic. A public employee simply cannot compel a free born state sovereign Citizen to do anything against their will. In fact it is the other way around, i.e. they can compel you to perform but you cannot compel them. Nor can the county municipal compel the sovereign state Citizen. Nor can the state compel the state Citizen. Certainly D.C. Inc cannot compel the State Citizen nor the independent state. Everything has become debased on a lie.

I have spent a good part of the last two days assembling this puzzle for you and pray you will open your eyes and greatly expand your belief systems to a much higher level. Once a critical mass of Americans awakens, we will have a fusion of freedom never seen before. This critical mass is an unbelievable and amazing small number of people in each community. It is somewhere between the square root of one percent of the community to one percent maximum. The American Revolution was successful because of 20,000 mostly frontiersmen. This was two thirds of one percent of the then 3 million colonists. Valley Forge was our last stand and the worst and the finest hour. Some 2,000 men frozen and starving sat near General Washington and Martha while the surrounding villages looked on in comfort. This is exactly what is going on today. These brave 2,0000 turned the war with the help of the French.

America communities must return themselves to their sacred traditions honoring their highest fundamental and founding laws of the land. They must throw out all other laws, codes, ordinances, entanglements, legislation, police tyranny, grants, taxes and associations which do not respect the independence and sovereignty of the individual state Citizens. We are a free Republic, not a global to local

8/29/2012

village entangled for the global to local elite to profit from the misery they have created.

Thank you for this opportunity to convey these critical American fundamental and founding concepts on individual property rights and unalienable rights. Few to no American State Citizens understand these concepts. I say this humbly as it has taken me "forever" to convince myself. This is why the growing hierarchy of global to local governments have made a very successful end run on all our individual divine rights and sovereignty. 99 1/3% of Americans simply cannot grasp the magnitude of the lie we live under. This must be reversed quickly by any means including revolution.

I will leave you with this last mind bending thought. In the following upcoming PowerPoint presentation I will prove to you that municipal corporations which are debased on forced tax, regulatory and usury tyranny are not necessary and certainly not legitimate in a free Republic. There is no function you perform as a municipal corporation which cannot be done in an open free market business model by a non profit coop and/or a local private enterprise. In other words, municipalities are debased on a feudal out dated model from Europe where the local Citizenry are confused with surfs who may be compelled to serve their land lords and kings.

AMERICA – A NATION HELD HOSTAGE WITH LIES A TAPESTRY OF TYRANNY (GLOBAL TO LOCAL)

HOW AMERICAN GOVERNMENTS HAVE BEEN CREATED, EXPANDED AND CENTRALIZED USING WARS, USURY, REGULATIONS AND TAXES UPON THEIR OWN PEOPLE FOR PROFIT AND POWER, I.E. LIES

This PowerPoint presentation has been in work for months and I am still not finished but when it is, I will send you a copy. Here are some extract slides to raise your consciousness. With all due respect, this is easier said than done. I know by experience. It is the magnitude of the taking which is key the global to local movement use to unlock our communities, traditions and sacred unalienable rights. Literally no one can imagine the enormity of the taking and how the roots of this mind bending cancer run down to the smallest communities up to the highest globalist groups.

ABSTRACT – SETUP

"Since late Neolithic times, men in their political capacity have lived almost exclusively by myths. And these political myths have continued to evolve, proliferate, and grow more complex and intricate, even though there has been a steady replacement of one by another, over the centuries. [These myths] attempt to examine the origins of the State with little or no attention to its historic record, and then try to justify and fortify it in the face of criticism". James J. Martin intro to "No Treason" by L. Spooner.

- 1) This presentation connects more pieces of the global to local puzzle of lies showing "how deep the rabbit hole goes". This is an analysis of the illusions & false fears created by lies.
- 2) America has become a nation of lies though false fears and centralized power created by a vast global to local network of public private corporation cooperatives set up by self benefiting politicians, mayors, administrators, councils, judges, lawyers and nongovernment groups profiting from the lies.
- 3) Some 32,438 federal, state and municipal public elected public servants (.07% of population) have established a territorial imperative of political subdivisions marking THEIR boundaries like animals then defining conditional codes to enter these legal fiction fiefdoms selling out the Citizens allodial rights.
- 4) These 32,438 government employees have consciously and unconsciously allowed a free republic to be assimilated by a global to local network of colluding and complicit public and private corporations whereby state Citizens are treated as employees of the corporations versus sovereign and free state Citizens.
- 5) One third of Americans fear being absolutely free as well as tolerating others absolutely free because, they believe free societies must be heavily controlled through centralized government. The second third, profit from this fear. The final one third to one half, want total freedom and are in various stages of growing rebellion.
- 6) Understanding alone does not lead to change. Freud discovered this in "transference" and "projection" when trying to help his clients. This is an "amazing" phenomena whereby the patient/client transfers (to the therapist) or projects (to others) their prior experiences onto those who are trying help or simply communicate in everyday situations. Crudely stated, this is an unconscious act to ones prior behavior and contrary opinions.
- 7) Those who live in fear, give individual and group power away to anyone they believe who will protect them.
- 8) Individual free choice is the key to discern a lie from the truth. Only the individual American state Citizen can discern the truth, e.g. trial by jury. A true and honest jury decides the law AND the truth. This can never be delegated to lawyers, judges or politicians.
- 9) Americans have been brain washed into single minded belief systems for generations, refusing to consider we have all swallowed lies, i.e. the blue pill and red pill Matrix movie series analogy.
- 10) The game of lies cannot be won by playing on the private and public game boards. The House of Lies is created by the best liars in the public & private sectors. The Houses of Lies cannot be reformed nor can their liar's be recalled or impeached, this has never worked.
- 11) This global to local House of Lies have deceived us by blurring fundamental meanings of a lie and truth as well as controlling the game board we challenge their lies upon. They control every facet of our life. The vast majority do not see this or if we do it is not recognized as a lie but a necessary evil. WE MUST CHANGE OUR EXPECTATIONS.
- 12) This "Brotherhood of Liars" have turned life into a living lie and a living hell. There is a way out IF we wake up fast. Much time has gone into this presentation to make this an at-a-glance "awakening" for even the most skeptical. Societies are mirrors reflecting individual behavior.

- > In a true and honest free republic it is impossible for the majority or a global elite to rule the individual American state Citizen.
- > This is because, the state Citizen is sovereign and free without exceptions.
- > All public charters, constitutions, bylaws, legislations, revised codes, case and statute law, cereal agencies cannot touch a natural born state Citizen or their family business or their property. Nor can their access to and use of abutting and near public property be blocked for any reason by force wherein they do not personally agree by contract.
- > The individual natural born is only accountable to God and a jury of his peers whereby at least half of the jury know you personally.
- > Government legislation, judicial rulings and executive orders only exist in the Federal and State Zones for artificial legal fiction creations such as public and private corporations.
- > There are no "majorities" or "minorities" in a true and honest free republic controlling any individual state Citizens because they are the kings and queens of the land and the law.
- > I hope this helps you understand how the current system has been covertly perverted to change a righteous free republic into a demonic democracy.
- > The political parties, lawyers, bankers and all the benefiting groups have conspired to pervert the highest and most sacred laws of the land, i.e. Laws of Nature and Nature's God, the Declaration of Independence and the spirit of the first American Revolution.

CONSTITUTION LIES - PART 4 OF 4

"In a true and honest free republic, no treaty, no constitution, no legislation, no judiciary, no executive order, no municipal bylaws, no codes, no regulations, no acts, et al, may ever legalize what the highest fundamental and founding laws of the land forbid and condemn, i.e. LONANG, Declaration of Independence & the spirit of the first American Revolution.

Section 3 is MISSING in the 1889 state of WA Constitution

"The people of the state, in their right of sovereignty, are declared to possess the ultimate property in and to all lands within the jurisdiction of the state, and all lands, the title to which shall fail from a defect of heirs, shall revert or escheat to the state."

- > "In 1947, in *Amaya v. Standard Oil & Gas Co.*, a federal appeals court found that "the treaty-making power does not extend 'So far as to authorize what the constitution forbids.'" In 1957, in *Reid v. Covert*, the Supreme Court clearly ruled that constitutional guarantees cannot be abolished by either treaty or statute, stating: "no agreement with a foreign nation can confer power on Congress, or on any other branch of Government, which is free from the restraints of the Constitution."
- > Sovereign power is NOT given in United States or Washington Constitution , it is only assumed.
- > The U.S. AND State Constitutions do not extend or authorize what the Laws of Nature and Nature's God, the Declaration of Independence and the Spirit and Success of the American Revolution forbid and condemned.

SOVEREIGNTY OF THE AMERICAN CITIZEN - WHAT IT MEANS

"Not one in a million feels the freedom to live what he inwardly feels he should live. He has come under the world opinion of himself, and this opinion is what he obeys, rather than the law of his own being. In this respect and to this degree he is living under an hypnotic spell. He lives under the delusion that he is a mere human being, living in a merely material world, and only hopes to escape it when he dies and goes to what he calls heaven. This is not the determination intended in the plan and purpose of life. Obedience to one's inner nature, the expression of life as he instinctively feels it ought to be expressed, is the very foundation of the life which the masters reveal as the only true mode of living." The Life Of the Masters of The Far East, Vol. 4, page 198, Baird T. Spalding

"Sovereignty itself is, of course, not subject to law, for it is the author and source of law..."
 Yick Wo v. Hopkins
 118 U.S. 356; 6 S. Ct. 1064 (1886)
 May 10, 1886

"No fiction can make a natural born subject."
 Milvaine v. Coxe's Lessee, 8 U.S. 598 (1808).

"The very highest duty of the States, when they entered into the Union under the Constitution, was to protect all persons within their boundaries in the enjoyment of these "unalienable rights with which they were endowed by their Creator."
 U.S. v. Cruikshank, 92 U.S. 542 (1875)

- > The current system of government most especially the laws, are steeped in the old European feudalism threading to nobility, e.g. Kings, Queens, Nobleman and the priesthood of the church.
- > After the first American Revolution, this all changed and the power and sovereignty was given to the individual American state Citizen.
- > The individual American state Citizen cannot be forced into compromising naturally bestowed unalienable rights using political, financial, monetary and legal fiction agendas steeped in collusion and complicity using covert "emergencies", treaties and war.

HOW BIG IS THE NATIONAL TO LOCAL MUNICIPAL LIE - LET'S COUNT THE WAYS

Summary 232,438 "elected public servants" or .0743% of the American population have again proven the same lesson in history, i.e. never ever transfer your power or fears to someone else to solve. Why? Because they will make your worst nightmares come true, promising to protect you and care of you.

According to this census report, there are:

1. 3,033 county municipal corporations. I am using 3,143 counties or county equivalents for this exercise per <http://www.mapsofworld.com/usa/county-maps/>
2. 19,492 city municipal corporations
3. 16,519 towns or townships
4. 39,044 Total Muni. towns or townships
5. 7,382 State House and Senate
6. 435 State US Representative
7. 100 State US Senators

Note: (1) This page intentionally leaves out 50,432 public school districts and other special districts which may become subject to another research report on the lies regarding the "public school system."

There he goes, he's walkin' away
Each step he takes brings heartaches my way
She won his heart, I lost him someway
There he goes, he's walkin' away

If I hadn't cheated and I hadn't lied
I'd be the one, walkin' by his side
I love him still and I guess that it shows
He's walkin' away, there he goes

Oh, if I hadn't cheated and I hadn't lied
I'd be the one walkin' by his side
I love him still and I guess that is shows
He's walkin' away, there he goes

Subject: Tuesday Hearing at Sea Tac - help kick ICLEI out!

From the Kitsap Patriots Tea Party:

"The City of SeaTac was set to renew their membership in ICLEI* two weeks ago at their regular Council meeting. A small group of us went to the meeting and spoke against it. So the Council agreed to delay voting on renewal until they could "study" the issue at their next "study session"."

8/29/2012

**At 6 PM the Public Comment period starts.
We suggest you show up at 5:30.
This is our opportunity to help kick ICLEI out!**

Tuesday, May 22 at 6:00pm
SeaTac City Hall
4800 South 188th St., SeaTac WA 98188

If you are anywhere near SeaTac please show up in support of asking the City Council to discontinue it's membership in ICLEI.

If you are not near enough to support the effort look into whether your County or City is a member of ICLEI and follow the example set here by the Kitsap Patriot Tea Party. YOUR VOICE COUNTS. We need to be responsible in helping eliminate non-constitutional garbage like ICLEI from our own home turf.

For those in the Olympia Area who want to help kick ICLEI out of Thurston County & the Olympia area, please contact me. Thank you.

Yours truly,
Ken Morse
on behalf of the Olympia Tea Party Board of Directors
