

Jack X Response on 3-14-2025

Companies, corporations or businesses do NOT pay taxes because the GOVERNMENT CREATED these artificial entities with favoritism over state Citizens to pass THEIR cost on to the consumers. ALL CORPORATE AND GOVERNMENT COSTS ARE PASSED TO THE CONSUMERS, I.E. WAGES EARNERS, DIVIDEND RECEIVERS, CAPITAL GAIN RECEIVES. ONLY THE LATTER TWO ARE RIGHTFUL TAX PAYERS..

We are the sovereign state citizens who pay all expenses of this artificial state creation as well as the state expenses including their debt, inflation, material, and labor.

It has long been established that socialism, Marxism, communism, et al do not work. History shows they not only do not work, they ultimately kill you. Have you read the latest book UNHUMANS by Jack Posobiec. Please check it out; this will give you the history of communism that we have not been taught in American schools INTENTIONALLY. This is EXACTLY WHAT is happening to US.

The private sector is held in check by the market demand and the government sector is held in check by the Sovereign State Citizen vote. That is the good news and the bad news. However, both are totally corrupted by the global to deep state elite who want your power and you wages and wealth. The Citizens are the truth and the light.
