Subject: Who Are The Real Swine Behind The Swine Flue

When Grandma Goes To Court

Lawyers should never ask a Mississippi grandma a question if they aren't prepared for the answer.

In a trial, a Southern small-town prosecuting attorney called his first witness, a grandmotherly, elderly woman to the stand. He approached her and asked, "Mrs. Jones, do you know me?" She responded, "Why, yes, I do know you, Mr. Williams. I've known you since you were a boy, and frankly, you've been a big disappointment to me. You lie, you cheat on your wife, and you manipulate people and talk about them behind their backs. You think you're a big shot when you haven't the brains to realize you'll never amount to anything more than a two-bit paper pusher. Yes, I know you."

The lawyer was stunned. Not knowing what else to do, he pointed across the room and asked, "Mrs. Jones, do you know the defense attorney?"

She again replied, "Why yes, I do. I've known Mr. Bradley since he was a youngster, too. He's lazy, bigoted, and he has a drinking problem. He can't build a normal relationship with anyone, and his law practice is one of the worst in the entire state. Not to mention he cheated on me with three different women. One of them was your wife. Yes, I know him."

The defense attorney nearly died.

The judge asked both counselors to approach the bench and, in a very quiet voice, said,

"If either of you idiots asks her if she knows me, I'll send you both to the electric chair."

Thank you Guy for this jewel of the ABA.

The email below and two attached above brought these thoughts for your consideration.

I "wonder" if the Swine Flu alarm is the same cookie cutter paradigm whereby the municipal corporations and their non government private and tax exempt corporations manufacture a crisis to stampede the sheeple onto regional corrals and chutes all leading to the nearest vaccination camps for profit and power. The sheeple are never given, nor do they ask, for all the data. They are spoon fed in the state educational propaganda system to assimilate into the dysfunctional mental borg.

Here is some facts to support this theory. This is the same taking profile municipal and central bank multinational corporations used to create the recent "financial crisis" to better bail out themselves from their own moral and financial bankruptcies on the backs of the natural born.

This is the same shell game whereby 9-11-2001 came about. Gross incompetence is equivalent to intention for those who cannot go to total

conspiracy here. Terror has always existed because fear works so well with the sheeple. Pick your terror whether bugs or bombs and the sheeple will bend over to allow anyone to take what they need though the taking itself has little connection to the real cause or the real cure, if the truth was known. The political systems which create these global disasters are the cause of the problems dressed up in a costume to hypnotize the masses to convince them they are going to be saved by the dysfunctional groups who created them in the first place. My wife reminded of this.

This is the same profile that worked so well in 1787- 89 during the so called "Constitutional conventions" when the ruling urban elite stampeded a few colonists using financial fear so they could sweep the Articles of Confederation under a new system of central government. This new system of government would transfer the unruly and rebellious independent Commonwealths and Republics under a new central oppressive federal banking and legal system to better transfer the wealth and debt from the working class and agrarian rural farmers into the greedy hands of the urban merchants, bankers, brokers and lawyers on the east coast as well as Britain. More on this later, when new cornea #4 heals up.

Fear worked again when the Bill of Rights was left out of the original and initial Constitution. Fear worked so well, "The Constitution That Never Was" was written to trump the Bill of Rights which was later added as amendments under protest. Can you imagine amending your God given birth rights to a piece of paper for an artificial public body then incorporating the artificial government body with another artificial municipal corporate body? This is how pathologically insane the entire system has become. The divine creations of God, the natural born, have been sterilized into a mere corporate and legal fiction employee.

Our unalienable rights, birth rights and the Bill of Rights are the supreme law of this land, NOT the "Constitution" and NOT the U.S. Supreme Globalist Court. You and your God are the supreme law and that does NOT mean you somehow magically empower certain other artificial bodies to represent you. There are no other laws before the natural born but their own God. This is another dirty little hypnotic state the bench, bar, banks and brokers have cast over the sheeple.

Again we see the nature of the beast when we allow ourselves to awaken from our deep sleep and become enlighten. When we allow ourselves to be more than just "free", and become who we really are, i.e. God like, then we are unbounded. Artificial man makes only very limited and enumerated legal fiction municipal and private corporations. These legal fiction benches, bars, banks, brokers only rule over limited artificial turf's NOT the natural born who are created by God who are unbounded with uncountable birthrights.

The mad men who conjured up this insane system in America and the world, have done so by slight of hand, with no authority or jurisdiction from anyone but their own demented minds. American system of "government" is a club exactly how Lysander Spooner described, <http://www.lysanderspooner.org/> NOT a forced closed shop union we all have to join and pay. The shell game players like you to believe that you have to play their game, if you have bound yourself with their adhesion contracts. But this is a fraud because no contract is valid when coercion is used. The existing system of "government" in America goes against all of the founding AND fundamental laws.

This centralized private and municipal system will tell you without "government" there will be anarchy. What they don't tell you is we are living in an anarchy where there is already no form of free government or free "law". America does NOT have a government and America was never truly free. No one can imagine how prosperous and free Americans and their friends could be, if we indeed were totally free for the last 233 years. Ponder on that for a while as I have for over 5 years now.

11/4/2010

"Fight or Flight" works every time with the sheeple. It has worked throughout history. The church used fear to get between the natural divinity of man and women and their God to take their private property and control them. The kings used fear to get between "man" and his birth rights to take his private property. It worked again in 1913, when the greedy central banksters and the Congressional Con Artists conspired for over two decades to get between the natural born and OUR printing presses with unFederal unReserve Act of taking private and public property. It worked again with the illegitimate 16th, 14th & 17th "Amendment" and we are still counting.

We always have been indentured to a national and global mob who have developed a progressive and massive racketeering Con game where they trade our God given birth rights, generation after generation, for bailouts to their own immoral life style, i.e. taking from A and giving to B. All of this is done by corporate media manipulation and a global and national network of clubs, associations and "partnerships" who all benefit directly and indirectly from the feedings. This is why we have an illegal alien in the White House and this why the other no choice presidential candidate (McCain) was not natural born. This is why we were all Bushwacked, i.e. our rights and their boundaries do not make any difference to the dark side. If it did, the world would be free.

The model of freedom in America was defective in the design, intentionally. The Common Law was common to the hated British law. Many of the elite, lawyers especially, were schooled in England. Many of those who participated in the new system of government and in the revolution prayed to King George III.

The natural born have forgotten how to perform the most simple tasks, e.g. turn off the corporate media, pull the plugs on all the phony life sucking government and non government systems and become independent and free. They have forgotten the power they have to try all these crooks with grand and trial juries and hang them out dry. The natural born have out sourced their own divinity to crooks who are more than happy to take them and all they can get, to the bench, bar, banks and political brokers arenas where they will be consumed by the man made artificial lions. The elections are manipulated to no or few choices with only those who play the shell game.

My Grandfather brought this up a hundred years ago and was ridiculed by his own family. Who can believe the "unbelievable"? This is the power of fiction and fear created by the church and state and those who profit from their masquerades. They will disarm you to "protect you" and then steal your divinity, your private and public property, generation after generation, to pay themselves for robbing and killing you and taking your property. All to keep you safe from yourself and your neighbor, of course. What does it tell you, when fear is turned into a feeding frenzy, while the truth itself is redefined into a progressive art called fear?

Subject: Mexico Swine Flue outbreak now equals the 1936 deaths in New England!

CAFR1 NATIONAL POST

For those that are watching "The Network News", now conveniently changing course from the economy to the swine flu outbreak, the facts released are that as of yesterday twenty (20) people died of the Swine Flu in Mexico.

Now if you watched closely you will hear the reports say something like "240 dead in Mexico, 20 confirmed from the swine flu. They are messing up here, they could have thrown in the drug war deaths and then the headlines could have said: "7,000 now dead in Mexico, 20 confirmed from the swine flu.

So, panic and fear rains, people hide behind closed doors, billions of dollars go into play "to stop the pandemic"

Oh, the horror of it all! Just think in Mexico it now has reached the level of the New England tragedy of 1936:

Bee stings: "In 1936, some 20 people in New England alone were stung, developed anaphylactic shock, died."

<http://www.time.com/time/magazine/article/0,9171,788299,00.html>

If this flu is not checked soon, it could multiply by a factor of a thousand to be the worst event to plague the US, far surpassing what was evidenced in New England from 1936 by becoming a national event:

Bee stings killed 5,983 US citizens

<http://in.answers.yahoo.com/question/index?qid=20080215162530AA51Bb>

Now this dreaded menace of the terrorist bee that has taken so many of our innocent citizens, if the swine flu is not checked soon and reaches epidemic proportions as the bee fatalities did, the mortality deaths of the population could reach or even exceed those now confirmed by the terrorist bees:

"When you look at mortality versus population, the odds of dying from the sting of an insect in any one year are: U.S.: 1 in 5,555,556"

Hmmm.....

But then the terrorist bees kills are less than the deaths caused by falling down stairs; deaths caused by dog attacks; or deaths caused by walking across the street.

Don't fear, I am confident with the disruptions at our airports to spot this "Swine" flu, the billions of dollars now gearing up to inoculate our entire population having Donald Rumsfeld's and Dick Chaney's influence and ownership within the vaccines manufacture, the massive media coverage to bring this blight to our attention that will now justify millions of hours of overtime pay for our government employees combined with the added business generated for our government owned health care industry generating the billion dollar profits for our government positioned investments from the event, WE WILL BE SAVED!

Anyone interested in buying a designer cotton filter mask for ten dollars that will help filter out the swine flu possibly saving your life from the outbreak?

If yes, they are being manufactured and coming in from china soon at a cost to the seller of 5c each. Shipping to you based on "the emergency" will be at half price of \$4 each, so your life could be saved for \$14 ! Yea right.... We also have "Bin Laden did 911" coffee cups and T-Shirts that we are offering at a substantially reduced discount. Sales on those items have dried up almost to nil now so time to move on to another "event" but if you order two or more filter masks we will throw in a Bin Laded coffee cup for free.
