December 23, 2016

Dear Mr. & Mrs. Venrick,

By now you know that Barack Hussein Obama foisted a dangerous hoax on every American citizen. A bloodless coup, really. He has shredded the U.S. Constitution and, yes, it is that serious.

In his arrogance, the illegal usurper officially demanded of ObamaCare subscribers what he himself continues to refuse to do -- prove eligibility.

You see, Mr. & Mrs. Venrick, since before Barack Obama swore his first oath of office in January 2009, the United States Justice Foundation (USJF) has been telling American patriots, like you, that **the Imposter-in-Chief has never been eligible to serve as President of the United States** because he is not a natural born citizen, as required by Article 2 of the U.S. Constitution.

In fact, USJF is the only legal group willing and able to defend our Founding Documents -- *in court and out* -- against the would-be-despot, Barack Obama. While Mr. Obama determined to radically transform America by EXECUTIVE FIAT, the United States Justice Foundation said, "NOT SO FAST!"

My friend, don't set this letter aside thinking the Obama regime is old news. You and I must act RIGHT NOW if we are to dismantle the radical Obama "legacy" that will continue to crush America's morals and economy.

Barack Obama's latest act of hubris has completely exposed his hypocrisy . . . and it could mean the end of the monstrous ObamaCare law that is ruining America.

The usurper who's occupied the Oval Office for almost a decade believes he's gotten away with the highest crime this

(over, please . . .)

nation has ever seen. Barack Obama wrongly thinks that the United States Justice Foundation -- and USJF's brave partners -- are throwing in the towel. **The Marxist bully wants you to believe that he's won.**

As evidence, Mr. Obama, the architect of the most disastrous, unconstitutional, socialist program in American history, ObamaCare, has forced new "healthcare" enrollees to prove their U.S. citizenship . . . *or be forced off of the ObamaCare dole.*

My friend, this is significant because Barack Hussein Obama, the foreign-born Marxist who stole two Presidential elections, is admitting that **America's citizenship laws do matter!** After all, what's good for those under ObamaCare should be good for those who invented ObamaCare . . . right?

I don't believe you're one to throw up your hands and give in to these bully tactics of Barack Obama and his Leftist "legacy." In fact, I need you to join with the United States Justice Foundation, your conservative voice in America's courtrooms since 1979, because you know that it's never too late to do the right thing.

And holding Barack Obama accountable for his high crime of orchestrating the theft of the White House -- especially after he leaves the Oval Office -- is the right thing to do . . . no matter how many years he's been allowed to get away with it!

That's why USJF is still fighting active cases -- and assisting in others -- set to prove that Mr. Obama was never eligible to serve as President of the United States.

That's why, despite the Obama threat to bankrupt USJF out of existence, friends and partners like you continue to build the USJF war chest that, with a court order, will help remove every despotic vestige of the Obama administration . . . and nullify every illicit act, like ObamaCare, that he's signed.

And that's why I am calling on you to demand that your Member of Congress refuse to fund Barack Obama's yearly \$201,700 after-office pension, unless and until this rogue proves that he is, indeed, eligible to receive it.

If Barack Obama could force healthcare enrollees to prove their citizenship status before receiving the benefit of taxpayer-funded insurance, then certainly Mr. Obama himself should prove his

(continued on next page . . .)

Constitutional eligibility to claim the Presidency . . . before he begins to rake in over two hundred thousand dollars every single year from your pockets and mine!

You see, if Barack Obama was never eligible to serve as President, as defined in Article 2 of the U.S. Constitution, then he is definitely not eligible to prey on the benevolence of American citizens -- roaming the golf course, to the tune of over \$200,000, year after year.

This sum, designed to pay respect to our former Chief Executives, doesn't even include paid staff, insurance, moving expenses, and a 'round-the-clock Secret Service detail. Even Michelle Obama may receive \$20,000 in additional payments every year . . . forever!

So, my friend, that's why I need your help in educating your Member of Congress. I've included, with this letter, a postcard to your Representative insisting that he or she immediately draft legislation that will require Barack Hussein Obama to prove his status as a natural born citizen . . . *before he receives one single dime in Presidential pension funds!*

As you know, every available piece of evidence points to the ever-increasing likelihood that **Barack Obama was never eligible to serve as President**. Expert after expert has proven his digital "birth certificate" to be a fraud . . . an attempt to pull the wool over the eyes of every American voter.

Now, as he smugly moves just a few blocks from Pennsylvania Avenue with his legacy intact, Mr. Obama thinks he's home free. He arrogantly believes that his fraudulent rise to the Oval Office will never catch up with him.

But USJF and I are not done fighting! And I know you're in the trenches with me . . . for justice, and for accountability in the nation's highest office!

So, please, sign the enclosed postcard right now. Drop it in the mail immediately so that, together, you and USJF will put Barack Obama on notice -- **THIS FIGHT IS NOT OVER!**

And, remember, your financial support is vital to the work of USJF, both in America's courtrooms and around America's kitchen tables. With your help, the United States Justice Foundation is

(please turn over to conclude . . .)

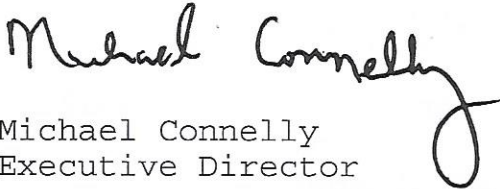

driving the conversation . . . standing in defense of the U.S. Constitution and of the rule of law.

Mr. & Mrs. Venrick, USJF and I cannot go it alone. Only the critical gifts of patriots like you enable USJF to keep up the fight against the likes of Barack Hussein Obama, his radical minions, and their ongoing tyrannical tactics. So, please, enclose your most generous gift in the envelope provided. Every penny helps USJF fight on your behalf, both in court and out.

Your gift today of \$5000, \$2500, or \$1000 can be the difference-maker. Even your much-needed contribution of \$500, \$100, or \$50 right now could help USJF win **just the right courtroom battle . . .** or get thousands of postcards to **just the right Member of Congress.**

As you read the news today, know that USJF -- *and America* -- urgently need your gift to legally suspend Barack Obama's huge, ill-gotten, taxpayer-funded pension and, with a court order, to undo every illicit act signed by his pen.

For the sake of law and order,

Michael Connelly
Executive Director
