

To: Washington State Soviet Union  
bcc: Property Rights Groups & Freedom Foundations

---

The following is my First Amendment Rights (what is left) which were suppose to be the First Article Rights to the Bill of Rights which were suppose to be the Supreme Law of the Land.

All current forms of taxes upon the natural born, sovereign & free state CITIZENS in the Washington State Soviet Union are unconstitutional and fraudulent. They go against all founding and fundamental laws of the land and prior high court rulings.

Five years of research built upon life times, imprisonment and death, of others research confirms this, without a doubt. Texas Representative Ron Paul, Senator William V. Roth, Jr. and others long since gone have been shouting this from the corrupt floors of CONgress for decades and centuries before.

Government employees have become delusional and blood thirsty that they somehow have the power to legislate, judicate and administrate any taking over the natural born state Citizens let alone with the use of coercion, force or deception.

The lower Bench is ignoring the higher Bench prior precedent rulings reconfirming wages, labor and property cannot be taxed.

The Bar is ignoring these facts to monopolize their legal fiction upon the sheeple.

The Brokers of government including the State and U.S. ATG offices plus their political parties are ignoring all the founding laws, fundamental laws, prior high bench precedent rulings to feather their own beds.

The international and national Banks have high jacked the American tax system, monetary system, political system, economical system, educational system, the sovereign several states plus the sovereign and free state Citizens.

The bailouts and American tax scams upon the natural born only bailout the Four Brokers of the Apocalypse. They have turned a partially enslaved nation into a completely enslaved political prison camp in less than 233 years

When are Americans going to wake and set themselves free from these Four Grim Reapers and Brokers of death?

We need to reinstitute Grand and Trial juries WITHOUT the Four Brokers of Death and prosecute those who are orchestrating these crimes against us.

All of our unalienable rights including our rights to a traditional life have been down by deception.

The corporations and conservative media do not want you to know this because the corporations will be targeted for more "uniform indirect taxes". The tax exempt foundations, unions, welfare recipients, government employees and those using government along with the liberal media corporations do not want you to know this either. Because they will quickly lose their government and tax handouts.

The entire tax scam is built on a Ponzi scheme that is completely UNnecessary, fraudulent and contrary to even the pro central government Federalist. The entire tax system upon the natural born conflict with Bill of Rights, Declaration of Independence, U.S. Constitution, Laws of Nature and Nature God, Articles of Confederation, etc.

The tax system in Washington State and the several states as well as the federal tax has no substance. It is a house of legal fiction created by the 4 Brokers of Death to take your life, liberty, property and pursuit of happiness and corral you into thinking you owe it to them because they are poor and you are not.

The natural born are NOT responsible for any government debt, especially that which is created from the printing of worthless fiat paper which has no value and requires no interest and has no natural, founding or fundamental laws obligating the natural born to pay by force, bondage or servitude.

African Americans were enslaved for profit by not only their own kind but by the British East India Company who enslaved the world controlling major sea ports trading in slaves and opium.

Nothing has changed under the sun. The British empire has morphed into a global corporate state where the sun still never sets on the enslavement of man kind. The Grim Reapers mutate from generation to generation taking man's property, blood and soul until they wake up from centuries of hibernation.

Awake Awake

*One Man Awake*

*One man awake, Awakens another,  
The second awakens, His next door brother.*

*The three awake can rouse a town,  
By turning the whole place upside down.*

*The many awake, Can raise such a fuss,  
It finally awakens, The rest of us.*

*One man up, With dawn in his eyes*

*Surely then...Multiplies.*

*Lawrence Tribble*
