**Subject:** State Crimes Against Private Property

To: Property Crime Busters

The following is my First Amendment opinion of the state of the State crimes against private property owners in Washington State and the nation in part.

Rural Cleansing in King County Washington State

### Rural Cleansing in King County Washington

### Sorting U.S. Counties by Size

### King County

## Chart of the Day

For some perspective into the all-important US real estate market, today's chart illustrates the US median price of a single-family home over the past 38 years. Thanks, in part, to low long-term interest rates, the trend from 1991 to 2005 was impressive. Not only did housing prices increase at a rapid rate, the rate at which housing prices increased – increased. That brings us to today's chart which illustrates how housing prices have dropped well below their accelerated upward trend and 29% from the 2005

peak. It is worth noting that housing prices are currently decreasing at a rapid rate. In fact, the rate at which housing prices have been decreasing has been increasing.

This does not need to happen! We have been brainwashed into a perverted sense of right and wrong in business.

- All we have to do is eliminate the taxes and usurious interest rates upon the natural born property owners and upgrade their land titles to allodial.
- The government has more than enough wealth to fund basic infrastructure without fraudulently and directly taxing the the natural born
  - So called apportioned direct taxes was never unanimously approved by the several
  - 
  - In fact it is purposely not reporting all its sources and not using its natural sources

## *No Property Taxes + No to Low Interest Rates + Allodial Land Title = Your Rights As Individual Kings*

I. The property taxes upon your private property are the first illegitimate taking creating this so called secondary loan problem.

- The county and city governments are forcing these people into foreclosure along with the usurious bankers.
- It is not the property owners so much who are the problem, it is these three perverted Ponzi schemes of taking property
- The dysfunctional counties want to make you believe they are the kings, e.g. King County Pierce County is better named..
- These counties and many of the cities, large and small have become mentally disturbed because they have lost sight of the fundamentals
- Even most of the natural born do not understand their God given birth rights

II. The use of legal fiction usurious interest rates upon your private property by the banks is the second problem

- **THEY DO NOT NEED INTEREST ON TOP OF CLOSING COSTS**
- Their closing costs alone are enough to cover their expense plus their profit
- Very low interest rates could be offered to marginal borrowers but never with foreclosure privileges
- Does this concept blow your mind? It did mind too, when I heard it.
- Einstein said that compound interest is the eighth wonder of the world.
  - What he didn't tell you was interest and bankers are equivalent to money changers.
- Pumping more unconstitutional fiat worthless credit/debt into the system for the banks to continue this charade is like..

- Funding the mob so they can continue their racketeering and extortion upon the local businesses to keep the economy going
- We are a nation of idiots who have been brain washed into swallowing hook line and sinker that there are no other choices but the existing system
- Again it is a shell game of preselected few choices staged as free choices
- This is why the usury rate in Washington state is 12% if you and I as natural born Citizens contract but unlimited for legal fiction corporations

### III. The absence of allodial land rights on your property is the third problem

- Allodial land rights were the original titles equivalent to land patents
- See Allodial Title email attached
- Allodial title is an unalienable right given to you by birth in America as a natural born sovereign and free state CITIZEN
- No one can take your land, home or property if you have allodial title even if it has debt upon it
  - This is the subversion and perversion of the lieners, bankers, government types who are stuffing their careers with your property
- You do not own your land with Fee Simple, it is another taking by the ABA and the state
- Fee Simple allows the state and courts to treat you like a business
- Also search on "allodial title" to discover more truth on this important subject
- The existing legal fiction laws against private property are crimes against the natural rights of natural born sovereign state CITIZENS
- The banks, lawyers, COurts, legislature/CONgress and Executioners are enjoined and complicit with other special interest groups to take your rights

## King County Crime Stats

See how highly correlated the crime data is to the population of King County. This is no accident of course. Always ask yourself what are they NOT showing.

Also check out the rest of the data and charts attached above in the Excel spreadsheet. The data comes from Washington Assoc. of sheriffs and Police Chiefs. <http://www.waspc.org/index.php?c=Crime%20Statistics> .

- The first thing that caught my eye was the drop of King County population starting about 1991.
- What you don't see here are all of the state crimes AGAINST the rural and urban private property owners!

- In addition to the property tax crime, you have all the DDES coding crimes against the rural property owners; there are at least 1500 of these a year.
- You can go here to get the drift of the unreported government taking crimes against the natural born, sovereign and free state CITIZENS - <http://www.freedomforallseasons.org/EmbattledPropertyOwnerStories.dwt.a>
- King County and all the others counties and cites in America who are creating this nightmare of unquestionable crime against Private Property Owners are incurring their due karma and the wrath of Newton's Third Law
- King County population will continue to drop because the property owners are getting smart and voting with their feet.
  - This is called SMART DECLINE which is God's answer to unSmart & unconstitutional corralling of people
  - You have to ask yourself when are the people in the cities going to wake up and stop treating their own kind like cattle being "chuted" into growth planning models that never work
    - go here to confirm that statement if it offends you - [www.ti.org](http://www.ti.org)
    - go here to see the lessons learned on county semantic swindling or how they invent lies to take property - <http://www.freedomforallseasons.org/FreedomFromCriticalAreaOrd>
- Real-estate prices are plummeting for a number of reasons, not least of all is the treachery of King County upon the rural private and business property owners
- Free choice within the Laws of Nature and Nature's God allow competition and Newton's Third Law of "Karma" to cull out the sick and weak
- The government is and should be a charity case for only free donations as each natural born and legal immigrant see fit

Here are the unconstitutional and illegitimate taxes on my ranch over the last 30 years.

- Mounting pressure from property owners are exposing the fraud of property taxes
  - These type of taxes are unconstitutional and have been repeatedly declared so in at least 4 state high courts.
- If they are unconstitutional in one state, they are unconstitutional in all states because they have to conform to the U.S. Constitution
  - which requires all direct taxes to be apportioned by population which of

course make it impossible to directly tax private property.

- The lower courts ignore the higher courts
- The councils, mayors, states, counties, cities ignore everything that does not suit their takings of private property and our traditional way of life
- The higher courts for the most part ignore the Laws of Nature and Nature's God
- The people ignore their history and thus become enslaved in ignorance and apathy
- This is one of the best articles I have read on the illegitimacy of direct taxes.  
<http://mwhodges.home.att.net/tax-history.htm>

Not only are all state, county and city taxes upon private property unconstitutional and fraudulent.....

- They are being increased at rates that exceed the CPI and the ability of the home and land owners including the elderly to stay in their homes.
- You can see the impact indirectly via the foreclosure map above for Washington State.
- The U.S. Constitution makes it unconstitutional to tax private property, e.g your home, land, vehicles, animals, wages and your wealth, if you have any left.
- The high courts, what legitimate judges are left, have ruled repeatedly that private property cannot be taxed.
- But this does not stop the crooks in CONgress, state legislatures, county and city councils and the mayors from robbing you from womb through your tomb.

This is the same shell game and Ponzi scam going on with our monetary system, the central banking system , the usurious interest rates and the crooked tax system in America all of which lead to the boom bust endless recessions and depressions and yes, even the wars are funded and brokered for profit by this low lives.

## A History of Home Values

The Yale economist Robert J. Shiller created an index of American housing prices going back to 1890. It is based on sale prices of standard existing houses, not new construction, to track the value of housing as an investment over time. It presents housing values in consistent terms over 116 years, factoring out the effects of inflation.

The 1890 benchmark is 100 on the chart. If a standard house sold in 1890 for \$100,000 (inflation-adjusted to today's dollars), an equivalent standard house would have sold for \$66,000 in 1920 (66 on the index scale) and \$199,000 in 2006 (199 on the index scale, or 99 percent higher than 1890).

**DECLINE AND RUN-UP** Prices dropped as mass production techniques appeared early in the 20th century. Prices spiked with post-war housing demand.

**BOOM TIMES** Two gains in recent decades were followed by returns to levels consistent since the late 1950's. Since 1997, the index has risen about 83 percent.

Figure 13

Many of our best and brightest have been duped into believing someone or something needs to take care of them at any price.

- Over half of 300 million Americans believe that the government and corporations are in business to take care of them, directly or indirectly.
- Yet both of these entities are artificial and legal fiction man made groups.
- They are ruled by wizards not unlike the Wizard of OZ.
- They are empty suits and empty dresses, with big degrees and high IQ's, who have no clue and no sense of the Laws of Nature and Nature's God let alone the fundamentals of freedom and liberty and unalienable rights.

We have created a class of inhuman legal fiction municipal corporate and private corporate political groups who have empowered themselves with God like powers who were never given authority or jurisdiction to leave their 10 square mile sandbox in Washedoutington DC.

- They have crawled out of their box and infected US all.
- We have created two crime mobs that are tearing this country and our private property apart.

Government from the little towns like Enumclaw to our largest cities have become predatory through an explosion of ignorance of our most fundamental laws.

God has been pushed out and the ungodly government types have back filled into the vacuum like swarms of locust.

American welfare is a forced concept vs. charity based on love, that has created a cesspool of more taking.

- Only 11% of government "welfare" takings go to "welfare" types while 50% goes to fraud.

- Don't think the Red Cross is going to save you either, they kept most of their hundreds of millions of donations during the New Orleans disaster
- Can you believe that the City of Seattle told its locals to take care of themselves during an emergency
  - The City said they may not be able to get to them for a few days
  - NOW THAT IS MY KIND TOWN, BRAVO SEATTLE

By slowly giving up our individual responsibilities and usurping God from every aspect of our society, the government and the corporations have quickly become god.

- Legal fiction artificial municipal corporations and private legal fiction corporations have usurped our traditional way of life,
- Sending generations of our families to unnecessary wars to die
- Turned a nation of wealth into a nation of debt,
- Turned a sovereign nation and its sovereign states and its natural born sovereign and free state Citizens into UNNATURAL AND UNSOVEREIGN SLAVES.

While it took a hundred years to "free" one class of Americans,

- We have systemically enslaved the entire population through the criminal misuse of legal fiction laws of municipal and private corporations,
- all invented by legal fiction wizards from the American Bar Association and the self made Kings Courts.
  - They have systemically taken our God given birth rights by extortion, larceny, plutocracy, racketeering, literal assault and battery, harassment, predatory legislation, regulation and laws upon the natural born sovereign and free state Citizens.
  - They took the English Common law, hated by the Colonists, and perverted it further, exploiting every private and public right of the natural born sovereign and free into a crime.
- All of the natural born are threaten with contempt and threaten daily by De Facto colored corporate law overlaid upon the natural born, sovereign &

free

- Judas judges have taken away the power of the people to decide and judge the law

The dark side has broken up a free nation

- into a million takings, regions, districts, zones, ordinances, codes, fees, permits, licenses,
- to create bite size pieces
- to create a myth in the minds of the natural born.
- The myth is swallowed by the uninformed.
- We are controlled by the illusion of a few choices is the same as free choice.
- They have zoned us down, strangling and regulating US to death needlessly
- They have turned our own militia into our enemy,
- They have dropped our borders,
- Ignored all our fundamental laws of the land, robbed us into and after the grave.
- The arrogant city, county, state and federal types with their illegitimate armies of liayers and black boots raid our traditional way of life
- The dark side reprocesses the rural areas into sterile Stepford towns with criminal trespassing rails to trails and crime ridden parks
- They impose elite urban planning to herd and turn pleasant little communities into high density bee hives and ant colonies.
- Then they act surprised when people start acting like insects and they write more laws to control them.
- How utterly contrary and insane can the city and country and state governments be than this.
- They plan and create an obscene disaster
- Then they try to justify their idiocy by taking away our rights
- Then they tell US it's for our own safety.

They took our birthrights immediately by omitting the Bill of Rights in the original Constitution at the objection of many of the delegates.

- They could not obtain the necessary unanimous approval of this so called constitution,
- So they invented Article VII to make 9 states "sufficient".

Why has it taken US over two centuries see this shell game?

Wake up Americans, for God sake, before the dark side take over our homes, land, vehicles, animals, families, education, privacy, health, wages, wealth, ad nausea.

Oh, there I go again, I keep forgetting, they already have! Sorry to bother you, go back to sleep, this is all old news. I am only repeating myself again because it is impossible for me to believe what is going on in America over the last 232 years even.

Now we have an illegal foreign alien in the White House to continue the charade of taking of the last legal natural born one. It does not make any difference who is in government office of any kind currently, because they have no power or principals "AND because".....they are not the ones running America.
