Subject: American State Flight 1776

Alaska Airlines had a management training program that some 30 Gulf Air (UAE) people took back in 1978 - 79. My wife and I socialized with many of them who came in from Dubai & Abu Dhabi. We ended up flying back to Dubai a year or so later and visiting a few of them. As we flew in Dubia was bull dozing down their old adobe style homes and erecting modern structures.

They had no crime in UAE, you could leave your car unlocked and unattended with no concerns. They were deeply religious. We were treated like kings queens. We were given special escort off the plane as soon as it arrived by one of our Gulf Air friends. We were put up at the best hotel out of friendship not corporate greed.

Though they may not be as technically proficient as the West, they find it simpler to not tend to their vehicles like we do in America. They typically drove them until they dropped then got a new one. The Gulf Air were on monthly stipends of some \$700 US from oil revenue of UAE. They prided themselves on how close they were to the Prince. They called home frequently. They introduced us to all their most important people who were family to them though it may be a distant connection.

While I thought they were relative backwards at that time, I now have a completely different perspective. After the last 5 years of my enlightenment within the property rights and freedom movement here in America, I have come to the conclusion that America has slipped into position of the most backward country in the world.

America has become backwards because it has lost its heart and its common sense for its own people. It treats illegal aliens better than its sovereign and free natural born Citizens. America has become an idiot savant that can only do one thing well, oppress its own kind and the rest of the world for profit and power via the elite clubs that rule it.

America can design, manufacture and fly the most sophisticated

machines in the world, but it cannot allow its own sovereign people to fly free. America has gathered and educated some of the most technically advanced minds in the world but they cannot conceive or apply the most basic, founding and fundamental laws of freedom and liberty.

Each one of these "experts" coming out of American academia has no clue what God given gifts have been given to us through our natural birth rights of being born in America. They prefer you never ever know but they can fly you to the moon, mars, venus and beyond.

The American bankers, bench, bar, media, academia and political brokers are no different and in many ways more incompetent than this Arab flight crew. These six "pilots" of the American Apocalypse are pulling all the wrong switches, fooling all the wrong people, initiating all the false safety systems while the ship of state is flying at increasing subsonic speed into a blast barrier of rebellion and revolution.

The crew of the American ship of state are municipal and private corporate elites who are trying to make you believe they can fly a ship of liberty off the ground while they have their foot on every individual right given to man and women by birth. At the same time, the hold of the ship is filled with tons of worthless paper and debt at usurious interest and fraudulent taxes all being shipped off to their own private bank accounts off shore.

The passengers are given a phony framework of distorted truth as they enter the terminal of state. The tickets are a one way trip to your own bankruptcy. The destination is terminal for you, your family and all your generations. You are given phony worthless fee simple deeds from your private property while you are extorted at every gate by fraudulent taxes, fees, fines, regulations, usurious interest and tyranny going onboard.

This American State Flight 1776 is on a crash course just like Airbus 340-600 Etihad Airways bound for Abu Dhabi, unless the passengers wake up quickly and storm the virtual government and nongovernment flight cabins like the brave passengers on the 9-11-01 flights. The original founding and fundamental flight crews have long since been replaced by global white collar terrorists who are preying on the natural born passengers as if they are terrorists themselves.

If successful private corporations can make legitimate profits based on free choice while paying their own manufacturing costs, wages, profit and dividends out to millions of employees and shareholders, why can't a municipal corporation

do the same. If UAE can do it and if the State of Alaska can do it, why hasn't America been able to? We used to be rich too.

The answer is they have long ago bankrupted themselves in their selfish greed and power. They turned away from a self imposed simple Articles of Confederation plan to use only legitimate voluntary sources of state revenue to fund themselves, i.e. indirect taxes, printing money without usurious interest and lease of natural resources. Their greed and refusal to follow the golden rules caused American State Flight 1776 to taxi for over two centuries. Can you imagine what America would be like now, if this slave ship, Flight 1776, had unshakled its passengers at the dock and freed them over 200 years ago.

America State Airlines with all of its attempted take offs cannot get off the ground after taxiing for 233 years! And it never will, until it unshackles the enslaved and intenedured passengers. Flight 1776 is a slave ship endlessly encircling the globe changing its dirty filthy cargo at each port for blood money and for more human flesh.

Until the passengers wake up and take back their God given birth rights, until the worthless usurious paper ballast is thrown into the sea, until the stolen private and public property of its passengers is all returned, until the elected/unelected dictatorship of flight crews are thrown into prison, this ghost ship will sail on and on, ignoring all of the beacons warning of pending danger.

Americans are beginning to wake up out of their deep slumber. We are slowly learning how divine we are. We the people, are not under this nation, nor are we a nation under God nor are we a people under God, we are natural born who are one with God. The natural born in America are given a precious gift, if we but recognize this sublime secret that we are the supreme power of this land, we will set ourselves free. No court, legislative body, executive or any other artificial body can rule over a natural born. Your natural rights make you a free agent.

Private and public corporations, municipalities, political bodies are all created by man, i.e. they are artificial. These legal fiction bodies can only write bylaws over their own employees. There are NO natural laws which can legitimately turn a man into a slave. This is purely legal fiction created by the American Bar Association and all the elite clubs who have created their own privatized rules of flight.

Natural born Americans are created by God. We are not employees of any government political body or any non government unless we freely choose.

11/25/2010

Legal fiction coercion only makes human chattel on paper using the branding iron, whips and chains.

The government has terrorized its passengers, the natural born and turned them into legal fiction criminals. The flight crew has taken over the controls and you don't even know it.

We have divine rights and are free to fly on any flight. We are capable of flying with the eagles. We can soar beyond the physical worlds, if we wake up. We can expand our God given divine spirit throughtout the grand universe. There are no legitimate reason to allow American State Flight 1776 to be hijacked

Devote the rest of your life to freeing yourself and anyone who will listen. Watch "Amazing Grace" and better understand how Americans too have become chained in the Ship of State to be traded like human chattel, tortured, murdered, trespassed, robbed, in the light day, merely for profit and gain of political bodies, public and private corporations.

Nothing has changed under the sun until now, relative to true human freedom. You are witnessing the beginning of one of the most amazing shifts of human consciousness in the history. The dark side knows it and this is why government terror has increased all over the world for the last century.

| This brand spanking new Airbus 340-600, the largest passenger airplane ever built, sits just outside its hangar in Toulouse, France without a single hour of airtime.

Enter the Arab flight crew of Abu Dhabi Aircraft Technologies (ADAT) to conduct pre-delivery tests on the ground, such as engine run-ups prior to delivery to Etihad Airways in Abu Dhabi .. The ADAT crew taxied the A340-600 to the run-up area.

"Beyond" First Class

Then they took all four engines to takeoff power with a virtually empty aircraft. Not having read the run-up manuals, they had no clue just how light an empty A340-600 really is.

11/25/2010

The takeoff warning horn was blaring away in the cockpit because they had all 4 engines at full power.

The aircraft computers thought they were trying to take off, but it had not been configured properly (flaps/slats, etc..)

Then one of the ADAT crew decided to pull the circuit breaker on the Ground Proximity Sensor to silence the alarm.

This fools the aircraft into thinking it is in the air.

11/25/2010

The computers automatically released all the brakes and set the aircraft rocketing forward.

The ADAT crew had no idea that this is a safety feature so that pilots can't land with the brakes on.

Not one member of the seven-man Arab crew was smart enough to throttle back the engines from their max power setting, so the \$200 million brand-new Aircraft crashed into a blast barrier, totaling it.

11/25/2010

The extent of injuries to the crew is unknown due to the news blackout in the major media in France and elsewhere.

Coverage of the story was deemed insulting to Muslim Arabs.
