Subject: Washington State Green GovernmentS Matrix of Taking Property By Other Names

To: Washington Interagency Committee For Outdoor Taking, Washington House, Washington Senate, Washington Supreme Court, Property Rights Movement, Freedom Movement, Associations of Washington Cities, Media

Government has no business stealing our money first in unconstitutional taxation and then stealing our private and public land for specialized uses and then shutting down the use of any public lands, including so called wilderness areas. Washington State Recreation and Conservation Office, formally Interagency Committee for Outdoor Recreation is a classic example of hobby zealotry gone insane.

This is another example of why our private property was made off limits (including wages) to anyone by a long history of laws that have stood the test of time except the last 200 years, i.e. constitutional law, common law, natural law giving us certain unalienable rights.

- Government should never ever be in this business of granting specialized privileges to anyone.
- This agency is totally unconstitutional and illegitimate.
- The federal government is much to blame for crossing their jurisdiction and bribing the states.
- The state government is equally to blame for cascading these arm twisting deals down the line of government taking
- The separation of powers does not allow the federal, state, county and city government to collude and conspire against anyone,
- More especially against private property owners and natural born free State Citizens
- And their use of ALL PUBLIC AND PRIVATE LAND.

We no longer have any form of resemblance to our original intended Constitutional Republic.

- We have a "mobacracy" controlled by a few elite specialized groups who think

- they can take any private or public property they want.
- They are quite successful at finding the fools in our government who are equally skilled at taking from A and giving to B.
- In many cases the green government and non government groups don't even know the downstream collateral damages ..
- they are imposing on abutting and nearby property owners

Just look at the make up of all the committees and partnerships and you can quickly see what color they are, i.e. totally green.

- You cannot pack government and nongovernment agencies with one side green taking ideology and call it not stealing
- You cannot ignore our God given bundle of unalienable rights and call it not stealing.
- What you have here in governing is the mere stealing from A and give to B.
- Washington State, King County and all the counties and cities surrounding Puget Sound have turned into a rotting gangrene cesspool..
- Of mobs who specialize in racketeering someone else's RIGHTS
- And turning those individual rights into someone else's selfish PRIVILEGE
- Based on what your special interest is, e.g.
 - Peddle Biking
 - Bird Watching
 - Fishing
 - Hunting
 - Parking out the rural areas
 - Rat Packing the urban areas for more revenue
 - Forced zoning is unconstitutional
 - Ad Nausea

1. Read about how the green extreme groups leverage a few of their \$ to get all of your money to take all of your land

- **Please reference the 12 emails sent to me above by a property & business owner who wishes to remain anonymous**
 - **This person is telling me that the public lands surrounding Arlington, Washington are systemically being shut out for public use.**
 - **See how The Nature Conservancy, Tribes, Ducks Unlimited, Cascade Land Conservancy, county conservation districts, DNR are taking care of YOUR land with YOUR dollars extracted unconstitutionally.**
 - **See who is behind these takings of your private and public land including your wages here;**

- It is no wonder that this State and this country have gone bankrupt!
- Natural born free state Citizens owe nothing to no one except their God.
- Free people may preserve, conserve, rebuild, buy and sell
 - ON THEIR OWN PRIVATE TIME AND MONEY
 - BUT NOT GOVERNMENT TIME AND MONEY
- Our Constitutional Republic was set up based on

free choice

- **not conscription by majorities**
- **nor conscription by minorities**
- **nor conscription by any elite special interest group**
- **NOT CONSCRIPTION BY PEDDLE BIKERS OR NATURE LOVERS OR DUCK HUNTERS, AD NAUSEA**
- **NOT ABUSSIVE FORCE UPON ANY PROPERTYT OWNERS by the PA'S OFFICES**
- **YOU CANNOT USE THE LAWS OF THE LAND TO WAR UPON THE PEOPLE**
- **Without free choice, you see herein, a finite sample of the larceny that unfolds.**
- **ONCE YOU USE FORCE TO TAKE PROPERTY YOU CAN JUSTIFY ANY TAKING**
- **For God's sake America, wake up.**

The Recreation and Conservation Office
(formerly the Office of the Interagency Committee)
creates and maintains opportunities for recreation,
protects the best of the state's wild lands, and

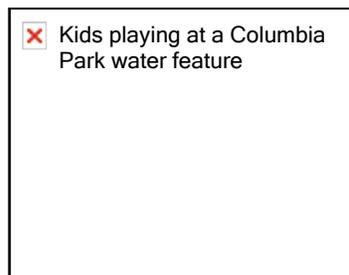

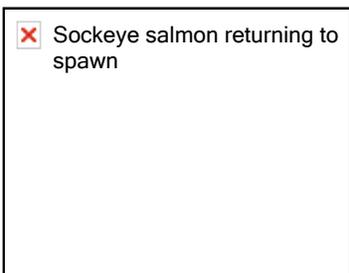

contributes to the state's efforts to recover salmon from the brink of extinction. A small state agency, the office supports five boards:

- [Recreation and Conservation Funding Board \(RCFB\)](#)
- [Salmon Recovery Funding Board \(SRFB\)](#)
- [Forum on Monitoring Salmon Recovery and Watershed Health](#)
- [Washington Biodiversity Council](#)
- [Invasive Species Council](#)

Together, the boards provide leadership, funding, and technical assistance to:

Help Build Communities

- Parks
- Boating facilities
- Firearms, archery ranges
- Trails
- Off-road vehicle areas
- Play fields
- Access to the water

The **Recreation and Conservation Office** manages 11 grant programs. In the 2005-07 biennium, office managed the award of more than \$305 million in grants for more than 1,000 projects. Grantees contributed another nearly \$257 million, making the total investment more than \$562 million in Washington's great outdoors.

Protect and Restore Our Diverse Wild Areas

- Protect and restore habitats
- Track salmon health and recovery
- Protect Washington state's diverse biological heritage
