**Subject:** Rural Cleansing and Other Government Crimes Against Private Property Owners

To: All American Property Crime Busters

The following is my First Amendment Opinion of the State crimes against private property owners in Washington State and the nation in part. The facts are in and the irony is all of these takings of private property are not only not necessary, they are highly destructive. Sustaining development and smart growth do not work. This nonsense junk political "science" is coming from the same government and NGO goons who created other mythologies to control us, e.g. "man caused" global warming, "alternative" energy, "critical areas", "wetlands", "endangered", taxes, interest rates and diluted property titles to name just a few.

Forcing people into higher density urban areas while shutting down rural areas against the consent of the affected property owners and with the use of our private property by force, extortion and green legal fiction laws is criminal. This is called racketeering done by government, no less a syndicated organized crime ring than the mafia. They do not represent us nor do they honor their oath to the Constitution, the Declaration of Independence and the Bill of Rights.

11/4/2010

Here you can see how dramatic and tramatic this criminal social engineering is on the rural people in county. King County (appropriately named) is the 7th largest country in the nation and should be busted. And if you don't think it is tramatic, you don't live in the rural area and if you do you have your head in the dirt.

This will give you a clear visual on how the international agenda and globalism destroy land use down to the local community level. Around 1991 the rural tyranny began in King County Washington. I have outlined 36 crimes in an Excel table below and this is only the short list of the organized crime against rural and urban private property owners. They are racking, stacking and packing families into asian type city densities which create a blow back of crime and stress upon our traditional life.

11/4/2010

We used to call this "dry labbing" in engineering, i.e. forcing the numbers to fit a predetermined theory. Some would call this fraud, exploitation, extortion, predatory, sabotage, conscription, warring on the rights of the natural born, sovereign and free.

Ruthless tactics are used to accomplish these trends and are by no means a natural or free choice process. This is green government and green NGO's tyranny in operation locking their horns and destroying uncountable lives of innocent rural and urban property owners.

11/4/2010

More "dry labbing". Note the sudden population changes to conform to the unconstitutional and unvoted Agenda 21, a.k.a. "Sustaining Development", "Smart Growth". This nonsense is coming from the same global goons who created other mythology to control US, e.g. "man caused" global warming, "alternative" energy, "critical areas", "wetlands", "endangered", etc.

[www.ti.org](http://www.ti.org) Randle O'Toole

This is all sematic swindling, political taxing and taking, going against all the fundamental laws of the land and the Laws of Nature and Nature's God. The big cities, states, fed and UN have locked horns to try to force this upon us. Randal O'Toole says Houston and other towns with no zoning successfully manage their growth without it!

- Sustaining development and smart growth do not work
- **ONLY FREE CHOICE WORKS AND THAT MEANS FREE CHOICE WITHOUT COERSION AND LIES.**
- This same junk political "science" is coming from the same national & global sources who create these myths to herd & stampede you into their pockets, e.g.
  - "man caused" global warming,
  - "alternative" energy,
  - "critical areas",
  - "wetlands",
  - "endangered",
  - taxes by force not by free choice
  - interest rates
  - diluted property titles
  - don't forget wars to broker more usurious blood loans

11/4/2010

- o And this is the short list to name just a few.

Jefferson County is mostly rural and the rural property owners are quickly becoming more organized than the green extreme & green government

More "dry labbing", note the sudden changes to conform to the Agenda without any votes of the rural or urban property owners .  
 Even the concept of zoning goes against the fundamental laws of the land including the Laws of Nature and Natures God.

Chart from [www.ti.org](http://www.ti.org)

77% of Americans live on 2.6% of the land - Michael Chapman

These big city-counties act much like corporate sharks, eating up any competition that moves against them.

- What they cannot devour silently, they enact legal fiction to take publically.
- County governments, especially those over 93,000 are not needed, they destroy private and public property.
- They destroy peoples lives
- Don't beleive it, check it out here <http://www.freedomforallseasons.org/EmbattledPropertyOwnerStories.dwt.asp>

11/4/2010

Washington State has the 3rd highest property taxes as a % of Sales Taxes.

- All the state taxes on private property, wages and even sales taxes are unconstitutional.
- You cannot apply direct taxes upon the people unless they are apportioned and only in emergencies and only a 1/4% and only by free choice.
- Indirect taxes must be costed into the price of the goods and services as the merchant chooses and then passed on by free choice.
- They cannot be added at the till, thus making it an indirect tax upon the natural born which is unconstitutional.
- Where is bench, the bar and the banks insisting this system be shut down immediately
  - Answer - they are living fat & happy on the blood of hundreds of millions of property owners

The government hides their profit, pretends to run a deficit to justify raises more taxes - [www.cafr1.com](http://www.cafr1.com)

GMA is a junk political "science" - please see attached and this is only a few of the better emails

**Chart of the Day**

For some perspective into the all-important US real estate market, today's chart illustrates the US median price of a single-family home over the past 38 years. Thanks, in part, to low long-term interest rates, the trend from 1991 to 2005 was impressive. Not only did housing prices increase at a rapid rate, the rate at which housing prices increased – increased. That brings us to today's chart which illustrates how housing prices have dropped well below their accelerated upward trend and 29% from the 2005 peak. It is worth noting that housing prices are currently decreasing at a rapid rate. In fact, the rate at which housing prices have been decreasing has been increasing.

Keep in mind that most of these foreclosures are caused by the following basic takings which go against the fundamental laws of the land AND Laws of Nature

1. The title of the land has been watered down from allodial and patent title to fee simple, i.e. it is much more easy to take property in fee simple title
2. Property taxes are unconstitutional and have been declared so in at least 4 state high courts, i.e. they are not apportioned
3. Usurious interest rates as well as the entire concept of interest is an illegitimate burden against all property owners, i.e. interest in NOT necessary
4. The existing system in America is criminal and designed to burden and break the natural born while enriching the ruling elites
5. It is not necessary to throw a family out of their homes or tax them or charge them ungodly interest rates
6. This concept of taxing and taking goes against all the principles, morals and laws of Nature and Nature's God

11/4/2010

This does not need to happen! We have been brainwashed into a perverted sense of right and wrong in the banking and taxing business.

- All we have to do is eliminate the taxes and usurious interest rates upon the natural born property owners and upgrade their land titles to allodial.
- The government has more than enough wealth to fund basic infrastructure without fraudulently and directly taxing the natural born
  - So called apportioned direct taxes was never unanimously approved by the several states
  - The government is richer than it is reporting - <http://taxretirement.com:80/>
  - 3rd world countries, banks and automotive giants are bailed out continually, so can the "delinquent" home owner

*No Property Taxes + No Interest Rates + Allodial Land Title = Your Rights As Individual Kings*

I. Property taxes are the first illegitimate and unnecessary taking

- The county and city governments are forcing these people into foreclosure along with the usurious bankers.
- It is not the property owners who are the problem, it is these three perverted Ponzi schemes of taking property

II. Legal fiction usurious interest rates upon your private property by the banks is the second illegitimate and unnecessary taking

- THEY DO NOT NEED INTEREST ON TOP OF CLOSING COSTS
- Their closing costs alone are enough to cover their expense plus their profit on fictional fiat worthless electronic debt!
- Very low interest rates could be offered to marginal borrowers but never with foreclosure privileges
- Does this concept blow your mind? It did mind too, when I heard it.
- Einstein said that compound interest is the eighth wonder of the world.
  - What he didn't tell you was, interest and bankers are equivalent to money changers.

11/4/2010

- Pumping more unconstitutional fiat worthless credit/debt into the system for the banks to continue this charade is like..
  - Funding the mob so they can continue their racketeering and extortion upon the local businesses to keep the economy going
- We are a nation of idiots who have been brain washed into swallowing these doomsday Ponzi schemes
- Again it is the same old shell game of pre-selected few choices staged as free choices
- This is why the usury rate in Washington state is 12% if you and I as natural born Citizens contract but unlimited for legal fiction corporations

III. The absence of allodial land rights on your property is the third taking

- Allodial land rights were the original titles equivalent to land patents
- See Allodial Title email attached
- Allodial title is an unalienable right given to you by birth in America as a natural born sovereign and free state CITIZEN
- No one can take your land, home or property if you have allodial title even if it has debt upon it
  - This is the subversion and perversion of the lieyers, bankers, government types who are stuffing their careers with your property
- You do not own your land with Fee Simple, it is another taking by the Bench + the Bar + the Banks
- Fee Simple allows the state and courts to treat you like a business
- Also search on "allodial title" to discover more truth on this important subject
- The existing legal fiction laws against private property are crimes against your rights of natural born sovereign state CITIZENS
- The banks, lawyers, COurts, legislature/CONgress and Executioners are enjoined and complicit with other special interest groups to take your rights

The data comes from Washington Assoc. of Sheriffs and Police Chiefs. <http://www.waspc.org/index.php?c=Crime%20Statistics>.

- What they are not showing you in this chart is the rising crimes the government is committing against the people,
  - e.g. tax crimes, property taking crimes, usurious interests, foreclosures, title dilution, legal fiction driving codes, etc.
- Reference again the Excel spread sheet above "Government Crimes Against Property Owners."
- The Government creates crimes by writing thousands of illegitimate paper laws plus creating thousands of artificial geographic fictional boundaries

11/4/2010

Just as a federal judge recently ruled against King County, the CAO is a tax taking, so it is on any restricted use of private property.

- Any taking against your will and your birth rights is a crime.
- The Bill of Rights and the Constitution are conflicting?

Here is a personal example of how the county ignores the fundamental laws of the land and extorted over \$50,000 from my family over 32 years.

- The PA's and state AG ignore the high court rulings that property taxes are unconstitutional.
- Even the County Assessor is unconstitutional
  - Property records tracking our home and land violates our privacy and our rights
  - Property taxes are unconstitutional and have been repeatedly declared so in at least 4 state high courts.
- The lower courts ignore the higher courts
- The councils, mayors, states, counties, cities ignore all the laws that do not serve their takings
- The higher courts ignore the basic laws of the land and the Laws of Nature and Nature's God
- Government make up their own laws on the fly to further extort property owners
- The people ignore their history and thus become enslaved in ignorance and apathy
- **You cannot tax & apply usurious interest plus further dilute land ownership from allodial title**
  - all while using these funds to grow the corrupt government bigger & richer
  - you especially cannot do this for any special interest state group like the NEA and the WEA
- This is government extortion
- This is one of the best articles I have read on the illegitimacy of direct taxes.

<http://mwhodges.home.att.net/tax-history.htm>

Taxes against private property are highly destructive to the families and the community and economy

- Taxes only benefit the corrupt allowing them to become more inefficient and corrupt
- You can see the impact indirectly via the foreclosure map above for Washington State.
- The high courts, what legitimate judges are left, have ruled repeatedly that private property cannot be taxed
- But this does not stop the crooks in government who ignore the laws they don't like and generate more illegitimate laws

11/4/2010

they do like

- This is the same shell game with the monetary system, central banking system, usurious interest rates & crooked tax system in America.
- All of which leads to the boom bust greedy endless cycle of taking from A and giving to B which leaves us with recessions, depressions and wars.
- Government from the little towns like Enumclaw to cities have become predatory
  - through an explosion of ignorance of our most fundamental laws.
  - Through intentional blindness of the treble double dealing bench, bar and banks

American welfare is a forced concept that has created a cesspool of more taking. Welfare comes from free choice, not by force.

- Only 11% of government "welfare" takings go to "welfare" types while 50% goes to fraud.
- Don't think the Red Cross is going to save you either, they kept most of their hundreds of millions of donations during the New Orleans disaster
- Can you believe that the City of Seattle told its locals to take care of themselves during an emergency
  - The City said they may not be able to get to them for a few days
  - BRAVO SEATTLE

Legal fiction and artificial municipal corporations and legal fiction corporations have usurped our traditional way of life,

- Sending generations of our families to unnecessary wars to die
- Turning a nation of wealth into a nation of debt AND,
- Then driving its own people into needless debt thereby losing their individual freedom
- While turning a sovereign nation, the several states and the sovereign Citizens into debt ridden slaves

We have systemically enslaved the entire population through the criminal misuse of legal extortion taxes, usurious interest and diluted titles

- All invented by legal fiction wizards from the bench and the bar and the banks - THE THREE B'S
- All of the natural born are threaten with endless legal fictional inventions like "contempt"
  - And by De Facto colored corporate law overlaid upon the natural born, sovereign & free
- Judas judges have taken away the power of the people to decide and judge the law in jury or grand jury trial
  - The courts were only meant to be hearing courts
  - ONLY YOUR PEERS MAY JUDGE YOU AND THE LAW
  - NO JUDGE AND NO LEGAL FICTION LAWS MAY JUDGE YOU
  - ONLY GOD AND YOUR PEERS MAY JUDGE YOU
  - AND YOU CHOSE WHO YOUR PEERS WILL BE TO TRY YOU
  - THE MEDIA AND BOTH POLITICAL PARTIES REFUSE TO ADDRESS THE FUNDEMENTAL ISSUES BECAUSE THEY PROFIT FROM BUSINESS AS USUAL

The dark side has broken up a free nation by creating one gigantic corporate shell

- That will be under one standardized operation which will maximize productivity and give control for all time to come
- 60% of the world governments are on the exact same structure the US is on
- Thereby creating fictional and fractional bite size takings, regions, districts, zones, ordinances, codes, fees, permits, licenses,
- They have zoned us down, strangling and regulating US to death needlessly
- They have turned our own militia against us
- They have dropped our borders,
- They have taken over our money supply
- Ignored all our fundamental laws of the land, robbed us into and after the grave.
- Arrogant city, county, state and federal types with their illegitimate armies of liayers and black boots raid our traditional way of life
- The dark side reprocesses the rural areas into sterile Stepford towns with criminal trespassing rails to trails and crime ridden parks
- They impose elite urban planning to herd and turn pleasant little communities into high density bee hives and ant colonies.
- Then they act surprised when people start acting like insects so they write more laws to control them.

11/4/2010
